JUDGMENT UPHELD IN FAMOUS CASE

Sentences Imposed on Labor Leaders Was too Severe Says Court

CHARGED WITH CONTEMPT.

Gompers' Jail Sentence Greatly Reduced—Mitchell and Morrison Are Released on Payment of Fine—Opinions.

Washington, May 5.—Contempt of court judgments against Samuel Gompers, John Mitchell and Frank Morrison, for their violation of a court's injunction in the noted Buck Stove & Range case were affirmed today by the District Court of Appeals, but the jail sentences imposed were held to have been too severe, so the court reduced Gompers' sentence from one year to 30 days, and declared that Mitchell and Morrison should merely be fined $500 each. The lower court sentenced Mitchell to nine months and Morrison to six. The Supreme Court of the United States undoubtedly will be asked to again review the decision.

Unlike previous decisions in this case, which has been against the labor leaders, the Court of Appeals was divided. Chief Justice Sheppard dissented, held that the whole decision should be reversed; that contempt of a Federal Court was a criminal offense, and that the statute of limitations had run in the case.

Justice Van Orsdel, who concurred in the majority opinion, held that the refusal of Mitchell to assure the lower court of his intention to obey the mandate of inferior courts in the future was "important in measuring the intent and temper of the respondents." With that the dissenting Chief Justice disagreed, saying in his opinion:

"I am unable to see how the refusal to apologize for an act, the commission of which has been expressly denied, shows a reprehensible intent of temper. On the contrary, it seems to me the natural conduct of a self-respecting man. Having sworn that he neither disobeyed nor intended to disobey the mandate of the court, a confession that he had done so would be a solemn admission of the commission of wilful perjury."

The majority decision was largely devoted to setting out why the original sentences were held unreasonable. In part it was held:

"To permit respondents to escape punishment would be a travesty upon justice, but we think that the penalty imposed is so unreasonable as to demand modification."

"The differences which necessitated the injunction have been settled. The sole purpose of punishment, therefore, is to give reasonable assurance that respondents will in the future respect the authority of the courts. While the injunction was issued to restrain the most subtle and far reaching conspiracy to boycott that has come to our attention, the boycott has ceased, and the necessity for the injunction no longer existed at the time this case was tried below.

"A penalty, therefore, which would have been justifiable to prevent further defiance of the order of the court, but for the settlement, would now be needless and excessive. Had the court below imposed penalties now greatly in excess of those which we now deem adequate, we would not feel justified in holding that there had been an abuse of discretion. Since, however, the penalties imposed are so unreasonably excessive, and we are called upon to modify the judgments, we prefer to err, if at all, on the side of moderation.

"No one, however, can read this record without being convinced that Respondent Gompers has been the chief factor in this contempt; hence, a severer punishment is merited in his case than in the cases of the other respondents."

DAY IN CONGRESS.

Proceedings in the House and Senate Told in Brief.

Washington, May 5.—Senate: Met at noon.

President Wilson submitted nominations for confirmation.

Chairman Simmons, of the Finance Committee, announced no public hearing on tariff bill would be held.

Senator Pomeroy introduced resolution providing for investigation of civil service conditions.

Senator Oliver introduced resolution calling for all papers and information relative to request for resignation of Collector Hill at Port of Philadelphia.

Senator Works made an address on trusts and combinations.

Adjourned at 5:42 P. M. until 2 o'clock Tuesday.

House: Met at 11 A. M. and resumed reading of tariff bill for amendments under five-minute rule.

Recessed at 4:15 until 8 P. M.

Continued discussion of the free list at night session.

Adjourned at 10:06 P. M. until 11 o'clock tomorrow.

LURAY VICTIM DIES.

Dr. S. C. Moore Shot by Negro, Succumbs in Columbia, S. C.

Columbia, S. C., May 5.—Dr S. C. Moore, of Luray, S. C., who was rushed to a Columbia hospital after he was shot Wednesday by Richard Henry Austin, the negro desperado, died today. Dr. Moore was Austin's third victim. The negro is still at large.

Boston, May 5.—An operation which, it is hoped, will enabled him to resume his position at first base, was performed upon Manager Stahl of the world champions, Boston American League baseball team here today. A surgeon opened the foot and removed a growth which he said had resulted from a "weeping sinew" it will take about three weeks for the wound to heal.

BRAZIL RESENTS SCHEME

Library of Congress

American Manufacturers May Lose Three Million Dollar Foreign Trade On Account of Government Valorization Scheme.

Washington, May 5.—American manufacturers probbaly have lost a flour trade amounting to $3,000,000 a year, as well as a lucrative business in cement, typewriters, machinery and other products as a result of the Brazilian government's resentment at the breaking up of the Brazilian coffee valorization scheme by the Department of Justice.

After several conferences with State Department officials, Brazilian Ambassador Dagama let it be known today that his country in future would decline to extend the 30 per cent differential in customs dues which until April 9th, was allowed on the American products. Without the differential it is said the American producers will not be able to compete with those in Argentina, and Argentine millers are expected to contain the Brazilian flour market.

There has been no commercial treaty between the United States and Brazil since 1841, but negotiations from time to time had resulted in the tariff differntials, under which manufacturers in this country had built up an extensive trade.

Brazil's claim is that this differential was allowed with the express understanding that America was not to impose any harrassing or discriminatory tax upon her exports to the United States. The action of the Department of Justice recently in seizing 920,000 bags of coffee held by the Valorization committee in this country, and compelling its sale contrary to the plans of the committee, is regarded as a violation of this understanding. The Brazilians not only are planning a new valorization project, but the committee is still holding 3,000,000 bags of coffee in Europe to market at its pleasure.

Casting about for means to continue the differential, Americans have urged the State Department to retaliate by recommending to Congress the imposition of duties on Brazilian coffee and rubber, imported to America in enormous quantities. It is understood however, that the Brazilians confidently believe Americans must have these commodities at any cost so that either the middleman or the ultimate consumer must pay any tariff tax that may be imposed.

SOUTHPORT HAPPENINGS.

Baby Show a Success—Standard Oil Co. Station—Other Notes.

(Special Star Correspondence.)

Southport, N. C., May 3.—The event of the week has been the Baby Show, which took place Thursday. It was happily developed and brought to a most successful conclusion through the untiring efforts of the Civic Club. The parade was the spectacular feature, the baby floats gathering at the corner of Bay and Moore streets, the motor power of each float being some prettily dressed white girl, there being 27 of these floats, each of different design, all making a beautiful sight as the parade passed along, several hundred people on the streets gently applauding the passing babies who entered fully into the enjoyment of the occasion and were on their best behavior. The parade ended in the yard of the Masonic Temple, where the exercises were concluded by the awarding of some 20 prizes, according as the judges viewed baby merits. The weather was perfect.

The weather here during April has, like elsewhere, been unusual. The rainfall was only 1.56 inches. There were 21 clear days, while the maximum temperature was 81 degrees, the minimum was 40, with several frosts and a number of near-frost mornings.

In spite of the one or two frosts last month, Irish potatoes from reports from the county indicate that the crop prospect is fine.

The steamers of the Cape Fear Fisheries Company came out this week for their season of catching menhaden. It is reported the first day's catch was a fine one.

Black fish have been in pretty fair local supply, while blue fish are reported in increasing numbers outside, with some being brought to the local market.

It is understood that the Standard Oil Company will not occupy the lot on Moore street, opposite the railway station, for its tanks, though the aldermen granted permission to erect tanks on the lot. There was some local opposition to having oil tanks where it was proposed to locate them, and the Standard Oil people learning this are looking about for another site as the company does not intend to be objectionable to any portion of this community.

The W., B. & S. railroad has about completed the cutting out of the right-of-way along its lines. This was necessary before the telephone line could be erected, which is greatly needed to facilitate the handling of the increasing business of the road. It is expected to have the phone line up and working this month.

The soldiers at Fort Caswell had the Dixie Comedy Co. last night and on the 15th there will be a minstrel show by local talen, which promises to be full of good entertainment. An effort is being made to have a repeat of the minstrel performance here on the following night.

Rev. C. C. Wheeler has returned with his bride from Merry Oaks, N. C., where he was married this week to Mrs. Effie Martin.

The High School closed Friday for the year. There were no special exercises.

Last night the board of aldermen held a meeting to close up the accounts of officials, it being the board's last meeting previous to the new board, which is to be elected next Tuesday.

Columbia, S. C., May 5.—By defeating Newberry today 6 to 5, Clemson College won the baseball championship of the South Carolina Intercollegiate Athletic Association. Clemson has played ten games on the schedule of the association and has won them all.

TARIFF FREE LIST ISSUES DISCUSSED

Democrats Weary Republicans by Repeatedly Rejecting Amendments

SESSION WAS MONOTONOUS

Promises to Reduce Cost of Living Made in Connection With Underwood Bill—Arguments Were Perfunctory

Washington, May 5.—The free list of the Underwood tariff bill, with its domestic promises of reductions in the cost of living, furnished the grist for the legislative mills of the House today. Through a monnotonous session the Republicans, wearied by the persistence with which the Democrats rejected all amendments, made perfunctory attempts to place on the dutiable list articles the Underwood bill would admit free. There was little of a real struggle about the Republican efforts, however, and only a few minor amendments proposed by the Ways and Means Committee, Democrats, were adopted.

While the House dragged along through the bill, the Senate Finance Committee made its plans for considering the bill when it shall have passed the House. It was decided not to hold oral hearings in various schedules, but to accept and consider any briefs that might be submitted by those interested in the tariff.

In the House, Republicans attacked a majority of the hundreds of paragraphs in the lengthy free list. In almost every instance the admission of the various articles free would "ruin the country, and would not reduce the cost of living." Majority Leader Underwood pointed out that this argument was inconsistent.

"In order to ruin the industries," he said, "as you gentlemen seem bound to do, it would be necessary to reduce the price the producers receive. This would inevitably result in a reduction to the consumers." To eliminate unnecessary debate, Mr. Underwood after the free list had been about one half completed, made an agreement to pass the paragraphs which were not in controversy without debate. The disputed paragraphs were then taken up in order.

Republican opposition centered about the paragraphs admitting free duty coal, iron ore, cotton, wool, wheat, wheat flour, corn, buckwheat, wood pulp and print paper, meats, lumber, leather, potatoes, works of art, fish, steel rails, barbed wire and dairy products. All of the amendments offered were argued in a more or less perfunctory fashion and the sweltering majority, forced to remain in their seats in the hall where the temper roared down each succeeded Republican proposition in a deluge of "Noes."

An unsuccessful effort was made by Representative Moore, of Pennsylvania, to have Bibles taken from the free list. He paid tribute to the Scripture, but said he saw no reason why Bibles of foreign manufacture should be admitted free of duty for sale in this country.

Representative Stevens, of Minnesota, wanted harness and saddlery put on the dutiable list, and Representative Gardner, of Massachusetes, and others sought to impose duties on boots and shoes. This brought Representative Peters, of Massachusettes, to his feet with a declaration that free boots and shoes would place the American shoe industry on a better basis than ever before.

At the night session the Democrats rejected an amendment offered by Representative Good, of Iowa, to provide for ante-mortem inspection of foreign meats. Free-listing meat, Mr. Good pointed out would repeal the provision in the present law for inspection, and he insisted that voting down his amendment would result in flooding the country with diseased meat.

Representative Underwood declared the Republican overlooked a provision of the pure food law requiring inspection of the certificates satisfactory to agriculture on all meat imported. If this law had any loop holes in it, he said, the Democrats would pass one that would absolutely safeguard American health.

Discussion of the free list still was in progress when the House adjourned at 10:06 until 11 o'clock tomorrow morning.

FOREST FIRE NEAR KINSTON.

Nearly Thousand Acres Timber Destroyed—State Institution.

(Special Star Telegram.)

Kinston, N. C., May 5.—Nearly a thousand acres of woodland, including some valuable timber, were devastated by disastrous forest fires which raged for more than 24 hours in the section surrounding the State School for Feeble Minded, two miles from here. The fire is now controlled. The damage will amount to several thousand dollars. Twice the buildings at the State institution were saved only by strenuous efforts of a force of men headed by Superintendent Hardy. They worked all night. Hundreds of cords of fuel wood were destroyed. This was very dry and burned like tinder, with an east wind to fan it.

Early today a thick pall of smoke hung over Kinston, penetrating into houses everywhere and sending many a wakened sleeper forth from bed to ascertain if his home were on fire. Smoke drifted over the city with a lazy east wind, settling for several hours and finally was wafted away after daybreak.

Washington, D. C., May 5.—Representative Lewis J. Martin, of Newton, N. J., dropped dead in the union station here today.

WORK OF CORONER CONTINUES

Phagan Girl's Body Is Exhumed—Stomach Examined for Drugs—The Accused Factory Superintendent Testifies

Atlanta, Ga., May 5.—Leo. M. Frank, superintendent of the National Pencil Company's factory, who is under arrest as a suspect in connection with the murder of Mary Phagan, was the principal witness at today's session of the coroner's inquest. Frank's explanation lasted more than three hours, and after two minor witnesses had testified the inquest was adjourned until Thursday morning.

An unexpected development this afternoon was the exhuming of the Phagan girl's body at the order of Coroner Donehoo. The stomach was examined for drugs.

Frank's testimony disclosed the fact that Lemme Quinn, another employe of the National Pencil Company, was in the plant where the girl's body was found shortly before she called there on the afternoon of her disappearance. Quinn probably will be called as a witness before the inquest as a result of this disclosure.

Little testimony of importance was given on the stand by Frank, who apparently was unmoved by the three-hour interrogation. He told of the visit to his office of Mary Phagan Saturday a week ago. At this time, according to his testimony he paid her the money for her services, which was the object of the girl's visit, and she departed immediately. He was unable to describe the clothing worn by the girl, and did not recollect holding an conversation with her. Indications are that Frank will be recalled when the inquest is resumed Thursday and other employes of the factory will testify.

MR. MARSH FINISHES WORK.

Completes Auditing for the County and Goes to Valdosta, Ga.

Mr. Albert H. Marsh, expert accountant, who last Fall audited the books of the county and who has been employed for some time past to help get things running smoothly under the new laws which went into effect the first, completes his work today and will go from this city to Valdosta, Ga., to tackle a similar job.

Mr. Marsh, speaking of the county's business affairs, says that this administration will be noted as a business administration and that with its systematized bookkeeping, auditor's office and purchasing agent, wil work a great saving. Economy will be practiced where needed.

Mr. Marsh said that with Auditor Orrell and Road Superintendent Burnett he had gone over the county and had inventoried everything owned by the county from a paper of pins to a locomotive, and that each month hereafter each official having charge of any county property would make a new inventory. This insures the use of county property for the county and by the county, only, and also makes certain the whereabouts and condition of all property at any given time. A system of general books will be kept, in which all these items will be recorded.

Chicago, May 5.—George Stovall, deposed as manager of the St. Louis American League team and indefinitely suspended as a player, by B. B. Johnson, president of the league, as a result of Stovall's attack on Umpire Ferguson, Saturday, may get permission to play again this season, and also may be reinstated in his managerial berth, according to Mr. Johnson, tonight.

"The case is not closed," said Mr. Johnson tonight. "Stovall is relieved as manager indefinitely, and is suspended indefinitely from playing. He may be allowed to play again, and it is possible that he may manage the team again, but the two are separate positions. If he is allowed to play it does not follow that he will be permitted to manage the team."

The deposition of a manager by the president of the league is said to be the first action of the kind ever taken in a major league.

"I cannot recall any precedent for this step," said Johnson. "I did this myself, according to the powers given me by the league constiution. What further action may be taken in the case will await until I have had time to think it over at more length."

"There is not room in the American League for players who commit offenses against public decency," he declared. "I am astonished that any manager should create such a scene by losing his self-control in the presence of a large assemblage of patrons of the game. The American League will not countenance such conduct for a minute."

Stovall was ordered out by Ferguson in the sixth inning of the game at St. Louis Saturday with the Cleveland team. In a rage, Stovall pulled Ferguson's cap from his head, and spat on the umpire's coat, according to the reports received here. Johnson suspended Stovall by telegraph on receipt of Ferguson's report. The league president has demanded complete details of every thing in connection with the occurrence. Wallace Roberts, former leader of the St. Louis team, probably will manage the club for the present, it is said.

OUTLINES

The political atmosphere in Europe has cleared since it appears unnecessary to coerce Montenegro.

cratic tariff bill in Congress yesterday were persistently rejected and very good progress was made in passing the legislation.

Reports from Mexico City indicate that 1,200 to 1,500 lives have been lost in engagements outside of Sonora during the past week.

Amendments offered to the Demo-

The District Court of Appeals yesterday affirmed the judgments against Gompers, Mitchell and Morrison, in connection with the famous contempt case; the jail sentences, however, were regarded excessive, and reduced.

New York markets: Money on call, steady, at 2 to 3 per cent.; ruling rate and closing bid, 2 1-2; offered at 3 per cent. Flour, quiet; wheat, easy; corn, easy. Spot cotton closed quiet; middling uplands, 11.85; rosin, steady; turpentine, quiet.

SCUTARI'S FUTURE WITH THE POWERS

Settlement of Albanian Trouble Now Depends on Withdrawal of Armies

AMBASSADORIAL CONFERENCE

Situation is Saved and Crisis is Passed, Says an Authority—Another London Meeting on Thursday.

London, May 5.—King Nicholas, of Montenegro, having placed the future of Scutari in the hands of the European powers, the settlement of the Albanian troubles now depends upon whether Essad Pasha and Djavid Pasha will obey the orders sent by the Sublime Porte to withdraw their armies to the Turkish empire.

It is believed that as Montenegro has abandoned Scutari, Essad Pasha will recognize the futility of his aspirations to the Kingship of Albania, in the face of the threatened Austro-Italian expedition to expel him.

One of the ambassadors at the close of the ambassadorial conference here today said:

"The situation is saved, and the crisis is past. The reported Austro-Italian action in Albania has no point now."

Another meeting of the ambassadorial conference will be held on Thursday, when arrangements with regard to the future of Scutari and Albania will be discussed at the close of the ambassadors' conference in London today. An official communication was issued reading as follows:

"The fact that the King of Montenegro has placed the fate of Scutari in the hands of the powers is a matter of great gratification. The governments of the powers will now consider what arrangements shall be made in the immediate future in regard to the town."

The telegram from King Nicholas to Sir Edward Grey, the British foreign secretary announcing that he had surrendered was as follows:

"My dignity and that of my people do not allow me to submit to isolated orders. I therefore place the destiny of Scutari in the hands of the Great Powers."

WHITEVILLE AFFAIRS

Schools Closing—Hail Storm Last Week—Other Notes of Interest

(Special Star Correspondence.)

Whiteville, N. C., May 3.—Rev. F. T. Wooten, county superintendent of education, recently returned from an extended trip which was spent in Northern cities visiting the schools and studying educational conditions. He also attended the meeting of the Southern Educational Conference which was held in Richmond, Va.

A hail storm lasting about five minutes visited this immediate section last Monday morning. The ground was nearly covered with the icy bits of water but being small little harm was done.

The school at Artesia closed Wednesday with a picnic which was given by the teachers at Lake Waccamaw. One of the attractions of the afternoon was a ball game between Whiteville and Hallsboro in which the former were licked by a score of 14 to 7. This is one of the eight months' schools of the county, and under the capable management of the teachers, Miss Bessie Hellen, of Beaufort, and Miss Lillian Sessoms, of Stedman, the students of the school have done good work.

Miss Lizzie Baxley, who has been with the News and Observer as stenographer for the last several months, has returned home, and will in the future be with the Vineland Dry Goods Co., as book-keeper and stenographer.

N. E. Hunt, the negro barber at the Columbus Hotel, took French leave this week going, it is said, to Charleston, S. C. Some of Hunt's friends regret his hasty departure, as in addition to his personal property, he carried away some of their belongings such as razors and other shaving apparatus.

Mr. E. Garland Brown, who was until recently associated with Mr. Jackson Greer in the practice of law, has opened an office over the Maxwell drug store, and will in the future practice law by himself.

The town election comes off Tuesday. So far everything has been quiet, and it seems probable that the gentlemen who were nominated at a meeting of citizens several weeks ago will be elected without opposition. Those nominated were: J. B. Schulken, Esq., mayor; Messrs. W. H. Phillips, W. M. Spivey, I. Hinson, A. E. Powell and J. L. Powell, commissioners.

Mr. Robert Powell has returned from an extended business trip to Richmond, Baltimore and other Northern cities.——Miss Grace Geddie has returned from Rose Hill where she visited her mother.——Mr. and Mrs. L. V. Grady returned this week from Wilmington, where they spent several days with Mr. Grady's brother, Mr. R. G. Grady.

A visit to Vineland these days reveals the fact that things are on a move there. Mr. M. S. Goldstein has begun work on his new store building. Dr. Crowell has had the brick placed for the new drug store building and work will begin this week. The Whiteville Hardware Co., will put up a new brick building at an early date. Mr. Roland Hill will also build. In other places fresh paint has greatly improved the appearance of the buildings. Watch Vineland grow.

The colored schools here closed yesterday with a grand picnic, baseball game and other attractions. It is a fact that Whiteville has one of the best colored schools in the State.

Roy Connor, who several weeks ago shot and killed Lowell Carter at Chadbourn, is still at large although the officers have made a careful hunt for him. The Governor has been asked to offer a reward but so far has failed to do so.

GHENT TREATY CELEBRATION

Peace Compact Between United States and Great Britain Will be Celebrated Next Year.—Delegates Arrive.

New York, May 5.—New York formally welcomed within its doors today delegates who have come from Great Britain, Canada, New Foundland and Australia to join American representatives in a five-day conference, looking toward a centenary celebration of the treaty of Ghent—the compact of peace between the United States and Great Britain to be held in Ghent, and in English speaking countries beginning December 24th, 1914. In the room where the first United States Congress convened—now the Governor's room in the City Hall—Mayor Gaynor welcomed the visitors to the municipality, and Alton B. Parker, of Albany, the American delegation. Ghent was honored at this gathering through selection of C. Debruyne, alderman of that city, as chairman. Mr. Debruyne, Lord Weardale, of England, and Sir Edmund Walker, of Canada, made addresses in promotion of continued peace.

The delegates went to an hotel to become guests of honor at a luncheon given by the Pilgrims' Society. Chauncey M. Depew welcomed the conferees in the presence of Walter H. Page, ambassador to Great Britain, former Ambassador Joseph H. Choate, and other distinguished citizens. Sir Arthur Lawley spoke for England, Sir George Houston Reid for Australia. Mayor Gaynor made a brief address.

Later the delegates met in executive session at another hotel, Lord Weardale presiding. A general discussion of ways and means for celebrating the 100 years of peace took place.

Mr. Depew, in welcoming the delegates at the lucheon recalled crises that have arisen during the century of peace, and their solution without resort to war.

"It is somewhat dramatic that we meet here at this particular time when the world was never so armed, and in preparation for it," said Mr. Depew, "while all Continental Nations are burdening themselves beyond all precedent in order to be ready for a war which the Prime Minister of Great Britain stated the other day we had just escaped, and while the press say we are on the eve of now, we, representing Great Britain and the United States meet for peace, and peace alone."

Peace among the English speaking peoples will continue forever. "As an example for the civilization and the humanity of the whole world," he predicted.

Sir Arthur Lawley declared that not alone are the differences of the future to be setled amicably, but Americans and Britons must "frustrate those misunderstandings which beget mistrust, and that can be done only by mutual knowledge and by mutual sympathy."

The bonds of friendship and affection must be strengthened and vitalized, he urged.

Sir Edmund Walker spoke of the friendly relations existing between the United States and Canada. "Enormous investments of Canadian money in this country," he declared, "rest upon Canadians' confidence that war between the two countries is impossible."

Sir George Reid said he came here with the warmest appreciation of the Australian government. With the mother country, Australia feels the same degree of warmth and affection for the United States.

THE PEABODY BUILDING

Dedication of Handsome New Structure at University

(Special Star Correspondence.)

Chapel Hill, N. C., May 3.—Today marked the close of the exercises connected with the dedication of the handsome Peabody Educational building recently completed by the university. The new Educational building is an impressive two-story, white pressed-brick structure, and ranks along with the best of the fine large buildings erected by the University within the past few years. It is situated just west of the ancient Commons Hall and is the first of the modern buildings which are soon to be erected in that portion of the campus. The new building, as its name would suggest, will be used exclusively in the training of those students who intend to take up the profession of teaching after they leave the University. The building and its activities will be under the supervision of the recently appointed Dean of the Educational Department, Prof. M. C. S. Noble, one time superintendent of the Wilmington public schools.

The exercises connected with the dedication of the Educational building began last Thursday afternoon and have taken on the nature of a State-wide High School conference. Over a half hundred teachers and superintendents from throughout the State have been gathered at the University in attendance at the conference and the dedication exercises. Morning, afternoon and night sessions have been held at which various speakers have suggested constructive ideas along educational lines. Open discussions followed the presentation of each topic.

Baltimore school children will select names for public schools in that city by ballot.

Europe in its entirety has 197 inhabitants to the square mile.

A strong solution of alum in boiling water is a cheap and effective cleanser for brass.

Thirteen States have boiler inspection laws.

It will cost Boston nearly $21,000,000 for municipal government this year.

The peacock has a very long span of life, reaching even to the century.

JAPS WILL MAKE FORMAL PROTEST

Embassy at Washington Preparing Document to be Submitted Later

INTERNATIONAL QUESTIONS

Precedents Being Discussed and Probable Course of Action in the Courts—Another Bill as to Fishermen in Cal.

Washington, May 5.—The Japanese embassy was supplied by the State Department today with a copy of the alien land owning bill passed by the California Legislature, and the ambassador will employ the time between now and Secretary Bryan's return to Washington in preparing a formal protest against the measure.

Apparently the embassy has no hope that any word President Wilson may send after Secretary Bryan returns will influence Governor Johnson to withhold his signature from the act, so the only object of the protest will be to acquaint the Americn people with the Japanese contention and, if possible, to influence the legislative branch of the government to endeavor to nullify the action of the California Legislature.

The embassy will make known the ground of its protest in a diplomatic note to Secretary Bryan. It is well understood that to settle the question no matter what may be the point of objection, will require the action of the United States courts, and much consideration must be given to the procedure to be followed in arranging for a judicial test of the California law. It will be for Secretary Bryan to determine whether the United States government iestlf shall become a party to a suit of this character, in the capacity of an intervenor.

International lawyers hint that the administration is in an excluding position for the reason that, while apparently a champion of the Japanese through the Secretary of State before the California legislature probably from this point on, it must defend the California law against Japan in the diplomatic struggle about to begin.

If the department should adopt the California contention that the land law does not violate the existing treaty with Japan, then it might feel found to refuse to submit the issue to arbitration by The Hague tribunal. Furthermore, it is contended that the United States government probably would be unable to enforce the decree of the tribunal in case it should be adverse to California, if the American courts found that the State acted within its rights in enacting the law. No case has yet been found where the Supreme Court has passed upon the relative force of a treaty which invades the reserved constitutional powers of a sovereign State and of a conflicting law of such State. So the State Department has nothing to guide it in that direction and probably must establish a precedent in disposing of this issue.

It developed today that, as a result of the centering of attention upon the California situation, a number of the diplomatic representatives in Washington have been informally discussing and conferring over alleged violations of treaties by many States of the Union. Violations are said to have occurred particularly in connection with cases involving the disposition of the property of aliens who have died intestate in this country, and in which local State courts have taken jurisdiction in defiance of treaties.

Altogether there are indications of a feeling of unrest that may lead to demands upon the National government which could not be complied with without a general re-arrangement of the functions of the State governments, so far as they concern aliens.

Taxing Japanese Fishermen.

Sacramento, Cal., May 5.—Fear that the bill by Senator Rush requiring Japanese fishermen to pay $100 for annual license when other aliens are taxed $10 and natives only $2.50, is in violation of the existing treaty between Japan and the United States, caused the Senate to refuse action on the measure today, pending a decision by the Committee on Federal Relations.

Senator Kehoe raised the question as to the possible violation by pointing to a section in the treaty which guarantees to Japanese subjects equal taxation with American citizens.

The section reads as follows:

"They (Japanese) shall not be compelled, under any pretext whatever, to pay any charges or taxes other or higher than those that are or may be paid by native citizens or subjects."

A similar bill by Assemblyman Johnston, has already passed the Assembly. Senate leaders are uncertain what action to take.

CHARLOTTE WINS.

Score Five to Three in Game With Raleigh Yesterday.

(Special Star Telegram.)

Raleigh, N. C., May 5.—Charlotte bunched four runs in the first three innings that won the game from the Capitols. The score:

Charlotte	121	010	000—5 8 5
Raleigh	000	001	020—3 7 2

Batteries: Smith and Malcomson; Belganger and Mahaffey and Turner.

Columbia, S. C., May 5.—Representatives of five colleges and universities participated today in the opening round of the annual Southern Intercollegiate Tennis Tournament here. Georgia and Clemson each won two sets in the singles, Georgia Tech. and North Carolina taking one set each. In the doubles, North Carolina, South Carolina and Georgia each won a set. Semi-finals in the doubles, and the second round in the singles will be played off tomorrow.

IN THE WORLD OF SPORTS

BASEBALL - YACHTING - TENNIS - GOLF - MOTORING

SENATORS WON IN TWELFTH

Took Big End of Long Session at Philadelphia—Yankees Lost Again. Western Onslaught Begins Tomorrow.

Clark Griffith's Climbers put just one more crimp in Jake Stahl's pennant aspirations yesterday by taking the third game of the series, a 12-inning affair, by a count of 3 to 5. Engel pitched seven innings and allowed six safeties which were good for a three run lead for the locals.

But that aggregation of stars that are on Clarke Griffith's pay roll are great little obstacle overcomers, and Engel was replaced by Walter Johnson, who, as is his usual wont, displayed the cunning and coolness of a veteran at his best against a bush-league team, against which the onslaught of the Sox cut no more ice than an African delegate at a Louisiana convention of Lilly Whites, Johnson held them scoreless and piled a little more on top of his record, having now pitched 42 2-3 innings without being scored upon.

Chance's Yankees wound up their stay at home yesterday without tallying a single victory, the Athletics taking the last game of the series in a pitchers' battle between Fisher and Plank. In the eighth inning, though, the Yanks blew up like the tires of a joy-riding buzz wagon on the shell road, and the visitors scored four runs. Plank held the Jinxmen to two bingles, but one of them was a homer.

The Washingtons will play the final game of their series with Boston today and the Athletics will also wind up their series at New York. The Eastern teams will start for their onslaught in the West this week, and many changes in the standing of the teams are to be expected before they are again seen on the home parks.

Credit Johnson With Another.

Boston, May 5.—Washington defeated Boston 5 to 3 in a 12-inning contest today. The locals led up to the eighth, when the visitors scored three runs on an error by Janvrin, and singles by Shanks and Schaefer, followed by Moellar's double. Johnson relieved Engle in the eighth and held the locals to four hits and no score. Johnson has pitched 42 2-3 innings without being scored upon.

Washington 000 000 030 002—5 11 6
Boston .....000 021 000 000—3 10 4

Engle, Johnson and Ainsmith; O'Brien and Cady; time 2:21; umpires Connolly and McGreevey.

Athletics Won Again.

New York, May 5.—The New York Americans closed their first home stay without winning a game on the local grounds. They were beaten again by the Athletics today, the score being 8 to 1. Fisher and Plank had a pitchers' battle until the eighth inning when New York crumpled and the visitors scored four runs. Plank held New York to two hits. One of them was a home run by Sweeney. Cree made a wonderful catch on Oldring in the third, fielding the ball while lying on the ground.

Philadelphia ....000 100 043—8 8 0
New York .....000 010 000—1 2 6

Plank and Thomas; Fisher, Klepfer and Sweeney; time 2:03; umpires Dineen and Hart.

A. & M. DEFEATS GUILFORD.

Score Six to One in Game at Raleigh Yesterday.

(Special Star Telegram.)

Raleigh, N. C., May 13.—A. & M. found no trouble defeating Guilford today 6 to 1. Kincaid was in the box for the Red and White and had the visitors at his mercy, allowing only five scattered hits and fanning nine men. Guilford's only run came in the first on two errors and a single. Farmer, the first man up for A. & M., started the scoring by knocking the ball over right field fence for a home run. The features were the battery and fielding. Score:

Guilford .....100 000 000—1 5 4
A. & M. .....102 021 00x—6 9 4

Batteries: McLean and Manfield; Kincaid and Winston.

Struck out, by Kincaid 9, by McLean 7; bases on balls, off Kincaid 2, McLean 2; hit by pitched ball, by McLean 2; home run, Farmer; two-base hits, Winston and Thompson; stolen bases, Trust and Stewart; double plays, Guilford 2; left on bases, A. & M. 7, Guilford 8; time 1:50; umpire Kauffman; attendance 600.

NAPS LOSE EXHIBITION

Defeated by Pirates in Exhibition Game Yesterday

Cleveland, May 5.—The Pittsburgh National League club defeated the Cleveland Americans 6 to 5 in an exhibition game here today. This is the first time a National League club ever played here during the regular season.

Recruit pitchers started the game for each team, Conzelman lasting two innings and Cullop being replaced in the fourth. Robinson, who replaced Conzelman, held Cleveland scoreless thereafter. In the ninth, Robinson's single scored the winning run.

Hans Wagner made his re-appearance in the game, while Manager Fred Clarke played for the first time since the Fall 1911.

Pittsburgh . . .004 000 002—6 9 2
Cleveland . . . .320 000 000—5 9 2

Conzelman, Robinson and Simmons; Cullop, Kahler and O'Neil. Umpires, Hyatt and Turner.

BRITISH POLO TEAM.

Composition of Contenders Made Known Yesterday.

London, May 5.—There had been some uncertainty as to the composition of the British Polo team which is to attempt to win the international polo cup from the American team at Meadow Brook, Long Island, in June, but this was removed today when King George bade farewell to the challengers at Buckingham Palace.

The chosen quartette to represent the British Isles were Capt. R. C. Ritson, Capt. Leslie St. Cheape, Capt. Vivian Lockett and Capt. Neel Edwards.

The King, when he shook hands with them, wished them luck in their efforts to bring the cup back to England.

Hear the Orchestra

"The Grand Orchestra is the finest ever." That is a sample of the enthusiastic praise accorded the new innovation there.

GUARDIANSHIP OF HOME.

Dr. McGeachy Heard by Large Numbers at First Presbyterian.

The Rev. A. A. McGeachy, of Charlotte, was heard by large congregations at both services Sunday at the First Presbyterian church, when he preached at the first of the series of meetings now being held there. Preaching service will continue throughout the week at 8 P. M., with early morning prayer meetings at 8:30. The latter last only 20 minutes.

Last night Dr. McGeachy had for his subject "The Guardianship of the Home," as taken from Isaiah 39:4. He spoke of the four great institutions—the church, the school, the Sabbath, and the home—the church as the pillar of the truth; the school as the clearing house of ideas, where we are qualified for the life which is before us; the Sabbath as the day of rest, Heaven's one legal holiday, wherein the wasted powers of body and mind are restored; but the home, perhaps, as the greatest of the four, their guardian. It is older than the church, because the first church was in the home. The future of our salvation depends very largely upon those influences which are brought to bear upon us and the training that we receive in the home; therefore the most important thing in this life is a Christian home.

Dr. McGeachy is an interesting speaker of much force and personality, and a cordial invitation is given to all to avail themselves of the opportunity of hearing him.

SUNDAY CROWDS AT BEACH.

First Genuine Spring Sunday Draws More Than a Thousand.

Far over a thousand people sought the pleasures of Wrightsville Beach Sunday and scores enjoyed a dip in the surf. It was the first Sunday of the Spring, for although there have been other fair days, most of them were a bit coolish. Sunday was warm enough to make people seek pleasantly cool places and naturally they turned to the beach. From now on more and more of the city folk will be visiting the beach and in but a short while the season will be open and visitors from the four quarters will be streaming in to spend the heated term at the most attractive seaside resort anywhere on the Atlantic coast.

WHY IS WILMINGTON FIRM?

Because Its Citizens Have Learned The Truth.

After reading this generous and encouraging report from Mr. Winner, those who have the misfortune to suffer, as he did, will naturally long to get similar relief. But to get the same good as Mr. Winner had, you should get the same remedy. There are, of course, other kidney pills, but there are no other kidney pills the same as Doan's. That is why Wilmington people demand the genuine.

S. C. Winner, jeweler, 215 E. Market st., Wilmington N. C., says: "I still believe Doan's Kidney Pills a good kidney medicine, and I cheerfully confirm the testimonial I formerly gave in their favor. This remedy has been used in my family, being procured at Bellamy's Drug Store, and it has given relief from backache and other symptoms of kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GEORGE STOVALL IN BAD.

Will be Severely Punished for His Conduct Last Saturday.

St. Louis, May 5.—George Stovall, manager of the St. Louis Americans, who was suspended by President Johnson on Sunday for his conduct in the game here Saturday when he snatched Umpire Ferguson's hat from his head and spit on his coat, expects a more severe punishment. Johnson is awaiting a letter from Umpire Ferguson describing exactly what Stovall did before he gives his final decision. Discussing the incident, Stovall said:

"I lost my head. Nothing can be said in defense. I was provoked at what I thought was an unjust ruling. I expect the worst is to come."

Raleigh, N. C., May 5.—Returns from the city election tonight show that Jas. I. Johnson defeated Franklin McNeill for mayor and commissioner of finance, by a vote of 1,234 to 933. O. G. King defeated Willard L. Dowell for commissioner of public safety, 1,153 to 999, and Richard B. Seawell defeated John S. Jones for commissioner of public works by a vote of 1,369 to 787. This means the complete defeat of the citizens or good government ticket except that this element voted for Seawell because their candidate, J. C. Bissett, failed to get votes enough in the primary to get him in the final election. W. C. Harris, was elected police justice without opposition, his vote being 1,974.

The Australian ballot applies in Raleigh and the result of the election today was in doubt until the returns were actually totaled up.

The big fight was between King and Dowell for the public safety commissionership and the victory of King promised one while to afford a big celebration with brass band, tar barrels and other demonstrations. However, King, who has been one of the three police commissioners for the past two years, got wind of the plans and insisted that there must be no demonstration and that his friends would go quietly home and King went home early insisting that there be no demonstration and that he not be disturbed. However, as the evening advanced the band was taken in three automobils and driven through the principal streets while they played.

In discussing his plans for administering the police department of the city of which he will not have absolute charge, Commissioner King says he will stand as heretofore for law enforcement and for maintaining the highest possible standard of police service. He denies that he stands for a "wide-open town" or anything of that sort. The new mayor and commissioner of finance, James I. Johnson, has already served several terms as mayor. The third commissioner, R. B. Seawell, for public works, has served for quite a while as street commissioner with efficient record. He will also have charge of the development of the waterworks when taken over from the Wake Water Co., by the city.

GEORGIA UNIVERSITY WON.

Defeated Washington and Lee by Shut Out Yesterday.

Athens, Ga., May 5.—University of Georgia players today touched Larrick, of Washington and Lee, for 14 hits, and shut out the visiting team 12 to 0. It was Georgia's 16th victory out of 21 games played this season. Score:

W. and L. 0 2 10
Georgia 12 13 3

Larrick and Dunahue, Corley and Hutchens.

River Excursions Popular.

With the coming of pleasant weather more and more people are boarding the City of Wilmington, Capt. Harper's handsome boat, and taking the Sunday trip down the river to the sea. Last Sunday the biggest crowd at all made the trip and enjoyed it. The weather has kept the crowds down until now. Henceforth the City of Wilmington will share with the resort points the Sunday crowds seeking a day of rest and recreation. The boat is clean and comfortable, refreshments may be had, and everything combines to make the trip pleasant.

Mr. Walker Changes Positions.

Friends of Mr. John D. Walker, Jr., will be interested to learn that he has tendered his resignation to the Atlantic Coast Line, with which company he has been for the last two years, and has accepted a position with the Dixie Land & Development Company, with office in the Garrell Building, which firm is putting on a sub-division in the section south of the city, known as "South Wilmington Heights." Mr. Walker takes up his new work with the best wishes of his many friends who predict for him much success.

DOWN, DOWN, THE GIANTS GO

Phillies Pounded Marquard Off the Lot—Brooklyn Won From Braves After Seven Runless and Hitless Innings

Charlie Dooin's Phillies administered mammoth doses of wormwood highballs, with chasers of nutgall, to the Giants in the third game of the series at Philadelphia yesterday afternoon, and the Giants are now looking upward from sixth position (counting from the top), in a vain endeavor to see over the heads of the Pittsburgh Pirates, the St. Louis Cardinals, the Brooklyn Trolley Dodgers, the Chicago Cubs and the Quakertown Phillies and glimpse the heels of the Phast Phlying Phillies.

Richard de Marquis endeavored to horseshoe the game from the pitcher's mound and made a miserable failure, among the alluring display of his gifts being three home runs and numerous other safe hits of varying lengths. Alexander pitched another air-tight game for the Phillies, allowing just a half dozen hits, well scattered throughout the nine frames.

In a ten-inning game that belonged to anybody up to the final frame, the Boston Braves took yesterday's game from the Dodgers by a two to one score. James, of Boston, held the locals hitless for six innings, after which they solved his delivery and won a lively game in the tenth. Brooklyn tied the score in the eighth through a double, a single, two outs and an error. Fisher started business in the tenth with a hit, and a bunt, a hit batsman and a clean double, won the game.

Giants Go to Sixth

Philadelphia, May 5.—Three home run drives by Magee and Cravath off Marquard's delivery gave Philadelphia today's game with New York by 6 to 3, and registered a clean swep for the series of four contests with McGraw's team. Cravath in the second, and Magee in the fourth, put the ball into the left field bleachers for four-baggers.

New York . . .000 002 010—3 8 0
Philadelphia . . .010 104 00x—6 9 3

Marquard, Ames and Myers; Alexander and Killifer. Time 1:30. Umpires, Klem and Orth.

Brooklyn Wins Good Game

Brooklyn, May 5.—James, of Boston, held Brooklyn hitless for six innings today and runless for seven after which the locals got busy with his offerings and won a spirited ten-inning game 3 to 2. Moran's muff and wild throw in the seventh let in a brace of tallies for Boston. In the ninth Ragan was called to the rescue of Curtis and retired the visitors in quick succession in the final two innings. Brooklyn tied the score in the eighth through Smith's double, Fisher's single, two outs and an error by Maranville. Fisher started the tenth with a hit. Edwin's bunt rolled safe. Kirkpatrick batting for Ragan was hit by the first pitched ball. Morgan forced Fisher but Cutshaw sent home the winning run with a clean swing to center.

Boston . . . .000 000 200 0—2 7 2
Brooklyn. . . .000 000 020 1—3 7 3

James and Whaling; Curtis, Ragan and Miller and Erwin. Time 1:45. Umpires, Rigler and Byron.

PHILLIES LOSE PROTEST

President Lynch Gives Protested Game to Giants

New York, May 5.—The New York Nationals had no undue advantage over the Philadelphia club in the games played at the Polo Grounds late in April because there was a hole scooped out of the diamond back of the pitcher's box. This is the finding of President Thomas J. Lynch, of the National League, on the protest of the Philadelphia club and he orders that the result of the games shall stand as played.

The Philadelphia club protested the games played April 23rd and 24th, alleging that a hole several inches deep was scooped out back of the pitcher's place. The New York club in answering the protest stated that owing to rain and the fact that the field is in use every day by the National or American League clubs, a slight depression resulted back of the plate.

..Theatrical..

Wilmington in The Movies

A packed house at the Academy of Music last evening greeted the exhibition of Wilmington moving pictures by the Capitol Moving Picture Co., and the verdict generally was that the pictures are good and the exhibition well worthy of patronage. The exhibition will continue each night during the week with matinees Friday and Saturday. The admission is 25 cents for adults and 15 cents for children.

The Joyous Grand

The new six-piece orchestra yesterday at The Grand proved one of the very finest drawing cards one could imagine. The organization is one of the very best it has ever been the pleasure of the Wilmington public to hear at a popular-priced theatre and the people are loud in their praise of the management for the addition of this big feature. Today the orchestra will play "When the Midnight Choo-Choo Leaves for Alabam'," by Irving Berlin, while another big feature will be the "Golden Butterfly," a selection that is bound to prove a drawing card.

In the pictures there will be a feature in a Vitagraph of "The Web," a special two-reel affair featuring Courtney Foote and Miss Rosemary Theby. It is a very strong picture and one of the Vitagraph's very best. There will be four pictures all told and the day will be one of the best it has ever been the pleasure of theatre-goers to attend.

At the Bijou.

Likely the most delightful spot in Wilmington this kind of weather particularly, as well as a place of unsurpassable joy from an amusement viewpoint, is the popular Bijou. With its free and perfectly hygienic ventilation and its many big electric fans, constantly whirling, the Bijou is a most attractive place. Its daily big show—everything new each day—is also a swell magnet. Always up to the second, the Bijou will offer as its leading film today "How They Got the Vote." It is a film that deals with woman suffrage in England and therefore will be doubly interesting at this precise time. The plot is one for laughs, however, and they are dished up in most novel way.

This is only one of five good ones on today, because the Bijou offers five superb photoplays today. Another great comedy that will be seen is the Vitagraph's "There's Music in the Hair," telling the story of a bald-headed musician, who donned a wig and wooed, but alas, he lost his hair.

There is another corker for laughs on in Lubin's "The Fake Soldiers," telling how two married men borrow uniforms and inform their wives they have been drafted in the army, in order to have a high old time—and they have it. It's a scream.

Another smile picture, something novel, is "Shipping a Clock." The most beautiful and interesting of all educational films will also be shown today at the Bijou in "Yosemite National Park and the Big Trees of California." It's a trip worth taking. Be on it.

CITY LIVERY SELLS OUT.

Schloss, Bear & Davis Purchase Livery Department—Big Deal.

Yesterday morning the City Livery closed out its livery department to Schloss, Bear & Davis, the well known livery firm at 208-210 Market street. The deal is a big one, involving a large sum of money.

The City Livery Company will retain its buggy and harness departments and these will be in charge of Mr. A. Carpenter. The purchasing firm will maintain the stables at the City Livery stand, No. 110 North Second street, for a time, but eventually will move the stock to its Market street place.

Schloss, Bear & Davis, with their acquisition, will have one of the largest livery establishments in the State, and will be in position to serve all demands of the public. More than 100 horses will be in service, and all kinds of vehicles available. It is understood that the firm will close out a portion of its purchase.

THANKS FROM MR. MERRITT

I wish to address you a second time for the purpose of returning thanks to you for the whole-souled way in which you supported me in the election, for Councilman from the Third Ward. The confidence you have shown that you have in me, indicated by the fact that you made me lead the ticket in the primary and again in the election, naturally causes me to feel all the more keenly the responsibilities of the position to which you have elected me, and I want to say again that every bit of energy and ability at my command is yours for the next two years, and that I shall serve your best interests to the top of my capacity.

With profund gratitude,
B. A. MERRITT.

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After a Few Doses Are Taken.

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid and substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.

DAVID'S

Dress as well as you can afford

YOUNG men who can afford to dress well—in these days no young man can afford not to—find that $25 is about the right price to pay for clothes; and that our

Hart Schaffner & Marx

suits, ready, are the best value they can get for the money.

Even those who think $25 is more than they can afford are learning that the better fabrics, the better linings and trimmings, the better tailoring at $25 give a satisfaction and service that are worth more than the difference in the price; you'll pay $40 or $50 for such qualities if made-to-measure.

The day when men of good sense and taste thought they could get all they wanted in clothes at $15 has been long since passed; and the day when the made-to-measure idea can charm a lot of extra dollars out of a man's pocket is passing.

You'll see here ready clothes that meet all the requirements of well-dressed men; the styles are correct to the smallest detail; the fabrics and other materials are the best; the tailoring is thorough and high grade; the clothes fit.

What more do you want? You can get our suits as low as $15, and as high as $50; but we emphasize $25 as a good starting point; a man ought to dress as well as he can afford.

Charters Issued Yesterday—Exchange of Courts and Special Term Ordered by Governor—"Girl From Rectors" Case

(Special Star Correspondence.)

Raleigh, N. C., May 5.—A charter is issued for the Roanoke-Chowan Bank, of Bertie county, capital $5,000 subscribed by J. H. Peele, Jno. E. Peele, J. H. Liverman and others for commercial and savings business.

Another charter is for the Calhoun Hosiery Co., of Penrose, Transylvania county, capital $125,000 authorized and $24,000 subscribed by J. G. Scrutchin, Jr., F. P. Bacon and W. D. Talley, for hosiery and general textile business.

There is an amendment for the charter of the Lillian Knitting Mills Co., at Albemarle, increasing the capital from $50,000 to $100,000, the additional stock to be issued at the discretion of the stockholders. J. P. Efird is president of the corporation.

Governor Craig approves an exchange of courts whereby Judge Webb will hold court one week beginning June 2nd, and Judge Bragaw will hold Mecklenburg court one week during the same period.

Governor Craig has ordered a special term of court two weeks beginning June 2nd in Columbus county, Judge Ferguson presiding.

Governor Craig issued today a requisition on the Governor of Virginia for J. W. Speas, now in jail at Lynchburg, Va., who is waneed in Guilford on the charge of abandoning his wife and small children.

Judge Carter began in Wake Superior Court today the trial of the "Girl from Rectors" damage suit against ex-Mayor J. S. Wynne and Chief of Police Bud Stell by the management of the Academy of Music for stopping the presentation of "The Girl from Rectors" in Raleigh by seizing the Academy and ejecting the managers and players. The case has been on the docket for nearly two years.

BURGLAR'S DARING ATTEMPT

Young Lady Frustrates Efforts of Sunday Night Thief

About half after 10 o'clock Sunday night, Miss Holden, daughter of Mr. and Mrs. H. K. Holden, Tenth and Market strets, while entertaining a guest in the parlor on the first floor of her home, heard a noise upstairs, and going up to investigate, saw a man attempting to pass from a building across the alley way, on a piece of timber, to the window of the room in which she stood. She informed her caller of the fact, and called police headquarters. A lady in the house being ill, it was feared that if the burglar gained the room and the police attempted a capture in the house, the result would have an ill-effect on the patient, and the guest decided to scare the would-be thief away.

When he called for a gun, so the burglar would hear, the man dropped his piece of timber and vanished. The police came shortly, but their game had fled and no trace could be found.

Speaking about these various incidents, Chief of Police Fowler said yesterday that the city simply did not have enough men on its police force to cover adequately the large territory that had to be covered, and that this is particularly true of the downtown district where the bulk of the business interests are located. He was of the opinion that the new administration will be forced to recognize this fact and increase the present force, which numbers now 24 regular patrolmen and three substitutes, or 27 in all.

LAD FRIGHTFULLY INJURED

Dragged by Frightened Horse Over Cobblestones Half a Block

Between 10 and 11 o'clock yesterday morning, John Hajduk, 9-year-old son of Frank Hajduk, of Castle Haynes, was frightfully injured in a runaway accident on Market street, and was sent to the hospital in such a serious condition that it was feared he would not recover. He was hauling lumber, and at Second and Dock streets his horse, without apparent cause, grew frightened and ran down Second street, getting on the sidewalk and turning into Market street still on the sidewalk. Just as the horse bolted out into the street again, the boy tried to jump. His feet became entangled in the lines and he fell beneath the wagon, his head lying so that the rear wheel must have inevitably crushed it had not the lines pulled him clear as the horse plunged on. Half the distance of the block going west, the horse dragged the unfortunate boy over the cobblestones, when Mr. Levi Merritt ran from his automobile and seized the reins, bringing the horse to a stop just as it reached the car which belonged to Mr. Charlie Burnett's garage, from which several ladies had just alighted. Dr. Robert B. Slocumb fortunately, was passing, and he gave first aid and rushed the boy to the James Walker Memorial Hospital, where last night it was said he was doing very nicely. The sight sickened all who saw it. The boy, bystanders said, would have been killed had it not been for Mr. Merritt, whose daring rescue was warmly praised.

Death of an Infant.

Their friends deeply sympathize with Mr. and Mrs. J. W. Matthews, No. 108 Wooster street, in the death of their little daughter, Madeline Griffith Matthews, who died of measles and broncho pneumonia Sunday morning about 10 o'clock, aged about 18 months. The funeral was held from the home yesterday at 3 P. M. by Rev. T. P. Noe, rector of the Church of the Good Shepherd, and interment was made at Oak Grove.

TO PALE THIN PEOPLE

Druggist J. Hicks Bunting Offers to Pay for Samose if It Does Not Make Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samose, the remarkable flesh forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time, nature will soon assert her natural powers, and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that Druggist J. Hicks Bunting Drug Co. is willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin, weak and out of health to get a box of Samose from them on those terms.

THE RECORDER'S COURT

Rather Full Docket Handled by Substitute Recorder Harriss

For the first time in several weeks the Recorder's court yesterday morning had abundance of business to be transacted. Several offenders paid dearly for their infractions of the law and others will be heard later. Substitute Recorder George Harriss presided.

Two cases against Robert Black and Zollie Pierce, charged with stealing two big barrels of lard from a freight car, property of Corbett & Co., were continued to this morning, bond being fixed at $200.

Two other cases against Dave Clark and Ed. Highsmith, charged with selling whiskey, were continued until the 13th, because of the absence of a material witness. E. Williams, to whom a trunk of whiskey was shipped, and which was seized by the police, will be tried this morning. Clark and Highsmith were ordered to give bond in the sum of $200, or go to jail.

Ben Lane, a white man, was indicted for allowing a horse to run at large, and the case was continued until this morning, for further investigation. He was recognized for his appearance.

William Clark, a negro who is alleged to have obstructed the officers Saturday night in their effort to capture a negro murderer, telling them the man went a certain way, and afterwards boasting that he had told them wrong, will be heard this morning. His bond was fixed at $250.

James Riley, colored, after having been repeatedly ordered away from the stables of the Kentucky Horse & Mule Co., by Mr. F. T. Mills, was found by Mr. Mills Saturday loafing in a chair in the front of the stables on 17th and Dock streets. He was ordered away again, and his response was to get another chair and put his feet in it. Mr. Mills rapped him with a whip, and ordered him off, and in a few minutes the negro advanced on him with a brick, and said he was going to kill him, calling him a vile name. He got three months on the roads.

Jordan McIver, a young white man who said that some cider on top of one drink of gin, caused him to become intoxicated, was released on payment of costs, but prayer for judgment was continued and if it is shown that he has repeated the offense in 12 months, a sentence of 30 days on the roads shall be carried out.

Waddell McKoy, colored, disorderly conduct, was given 30 days but because the sentence would cause him to lose his job with the Seaboard, it was changed to a fine of $25 and costs.

Robert Norris, colored, who frankly confessed that he fell off the water wagon, but who showed that it was the first time in three or four years, was praised by the court for his record and let off with the costs.

James Nixon, on a like charge, was given 30 days. His record was against him.

THREE WHITE BOYS ARRESTED

Charged With Stealing Solder from A. C. L. Storehouse

Constable John Davis yesterday morning got onto the theft of a whole lot of solder from the storehouses of the Atlantic Coast Line and working on the case practically all day, had his evidence so well developed as to warrant the arrest at a late hour last night of three well known young white men, John Lewis, Roy Turner and Ernest Hayes, who were put in jail last night in default of bond in the sum of $100. They will get a hearing this morning before Justice George Harriss, at 9 o'clock. A fourth arrest was expected last night and it is likely that some other parties will be brought into the case before it is closed up. It is reported that the thefts were committed at night while the watchman would be eating his supper. The amount of the stuff stolen is estimated at 150 pounds, at least, and it is worth about 30 cents a pound. As much as $30 worth is said to have been sold to one party for $2. Constable Davis worked up the case alone, and feels pretty sure that he has a strong line of evidence against the three named and several others whom he thinks are implicated.

CARS FOR CAROLINA PLACE

And Service for Sunset Park Will be Inaugurated Sunday

The Tidewater Power Comapny announces an extension of the trolley lines from 17th street and Perry avenue, Carolina Place, covering three blocks eastward from Perry avenue, and thence southward to Metts avenue, the extension passing clear through Carolina Place. It will be operated in connection with the Carolina line. Work will begin in time for cars to be running by Fall, it is thought, though nothing official has been given out as to that.

Another extension of car service is from the Greenfield line, where the Federal Point road bends to the right from the railway, to Sunset Park, the splendid new development south of the city. This is 4,600 feet in length. A 10-minute schedule will be put on next Sunday, and announcement will be made later as to the schedule during the week days.

Death of Mr. Charlie Tietgen

Mr. Charlie Tietgen, of Greenville Sound, died Sunday morning at 2:45 in the James Walker Memorial Hospital, after an illness of some duration, in which he suffered much. The remains were removed to the Woolvin funeral parlors on Princess street, where at 10 o'clock yesterday morning, a short service was held by Rev. F. B. Clausen, pastor of St. Paul's Lutheran church, and interment was in Oakdale cemetery. Mr. Tietgen was in his 79th year. He was a native of Germany and is survived by his brother, Mr. Hammond Tietgen, of Greenville Sound. A number of friends of his own and his adopted country, followed his remains to the grave.

Four Pictures All Told

"The Webb," a great two-reel Vitagraph, will be one of the best ever shown at the Grand Theatre.

UNION THEOLOGICAL SEMINARY.

Commencement Exercises—Baccalaureate Sermon by Rev. Dr. Wells.

Richmond, Va., May 4.—Eleven of the 38 graduates from the Union Theological Seminary, the 101st commencement exercises of which began today, are from North Carolina, and are as follows:

William McIlwain Baker, Lowell, N. C.

Charles Claude Beam, Bostic, N. C.

Wesley Parker Gibbs, Statesville, N. C.

Walter Hall Goodman, Mt. Ulla, N. C.

Benjamin Rice Lacey, Jr., Raleigh, N. C.

Abram Troy Lassiter, Smithfield, N. C.

Charles Gwyn Lynch, Gastonia, N. C.

Harry F. Morton, Rocky Mount, N. C.

William Wilson Morton, Oxford, N. C.

Joseph James Murray, Graham, N. C.

Walter Wellington Pharr, Charlotte, N. C.

The baccalaureate sermon was preached today by the Rev. John M. Wells, D. D., of Wilmington, N. C., and tonight William T. Ellis, of Swarthmore, Pa., delivered the address to the Society of Missionary Inquiry.

The address to the graduating class at the final exercises Wednesday will be delivered by the Rev. William R. Laird, D. D., of Danville, Va.

There are also three postgraduates this year, bringing the total to 41, the largest number of graduates in the history of the institution. Fifteen of the 41 graduates will go to foreign land, such as Cuba, China, Korea, Japan and Africa.

Cuba and Canada as well as 17 State were represented among the 107 students this year. Twenty-nine literary institutions were represented—Davidson College, the institution in which President Woodrow Wilson was a student 40 years ago—leads the list with 43 representatives.

STATE FEDERATION

Women's Clubs Meet in "The Athens of North Carolina"

Newbern, N. C., May 5.—On the eve of the 11th annual meeting of the North Carolina Federation of Women's Clubs, Newbern is a blaze of light, more than a thousand incandescents in addition to the numerous big arcs being used in the illumination of the city in honor of the visitors. Among the visiting delegates who arrived this afternoon were Mrs. R. R. Cotton, of Bruce, president of the Federation; Mesdames E. C. Duncan, Horace Dowell, Zeno Metcalf, M. L. Norris and Miss Edith Royster, of Raleigh; Mesdames A. M. Wilson and J. W. Patton, of Elon College; Mesdames Sol Weil and A. Oettinger, of Goldsboro; Mrs. Al Fairbrother, of Greensboro; Mrs. T. B. Renolds, N. A. Sinclair and Harlee Townsend, of Fayetteville, and Mrs. J. G. Miler and Mrs. W. L. Balthis, of Gastonia. The first session of the meeting will be held tomorrow morning and 20 visitors are expected on the aerly trains. The address of welcome will be delivered by Mrs. S. L. Dill, Jr., president of the local club; T. G. Hyman, president of the Chamber of Commerce, and for the Elks by Hon. O. P. Guion. The response will be made by Mrs. S. P. Cooper, first vice president of the Federation, and from Henderson. Interest in the event is at its fever heat and Newbern is doing its best to make the visit of the delegates to "The Athens of North Carolina," one which will ever linger in their memory.

WOMAN SICK FOURTEEN YEARS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

You Can Drink All You Like of French Market Coffee!

It is entirely different from ordinary coffees. The secret of the wonderful blend was brought from Paris over a hundred years ago.

Until very recently the only place in America where this rarely delicious coffee could be had was at the old French Market in New Orleans.

French Market Coffee

But since the establishment of the French Market Mills, and the invention of the new hermetically-sealed can, French Market Coffee in all its purity and aromatic flavor can be had on any private dining table.

Try it and you'll agree there is only one *real* old French Market Coffee.

Roasted by our unique hygienic process.

THE STAR

WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1879.

FULL ASSOCIATED PRESS REPORT.

Tuesday, May 6, 1913.

Let them all pull for Wilmington.

With those who were elected, it was just as expected—by their friends.

The best way to serve the public is to make the public's burden lighter.

Most men are willing to admit that honesty is the best policy, but not all are willing to pay the premiums on it.

If the Olympians could have tasted Wilmington strawberries and cream they would have blue penciled ambrosia on their menu cards.

Some people wouldn't care if we did have a war with Japan if the Japs would only capture the Philippines and take 'em off our hands.

Wonder is expersed because Edison's moving pictures are made to speak. "There is nothing new under the sun." From time immemorial there have been speaking likenesses.

The importance of sending men of good judgment to the General Assembly is emphasized by the freight rate question. It has now developed into a problem to be solved by the best brains in the State.

Politics makes even a local election lively. Only local problems are involved in local contests, but some men make it their business to drag in politics. That keeps many local problems from being solved aright.

For a State that has troubles, California is taking the place of "Bleeding Kansas." Wherever there are numerous reformers there is agitation. Wherever there is agitation there is something doing every day and Sunday too.

Secretary Lane says "money can be handled more safely by women than by men." His knowledge indicates that he is a married man. A married man who gives his wife a dollar knows she will spend only 99 cents of it for what she wants.

A great many men who are opposed to paying service pensions are in favor of a protective tariff. Pensions are paid to men as a reward for service to the country. Tariff benefits are pensions which go to those who are building their own fortunes.

Leaders are now taking the place of the old fashioned political boss. The people are showing a decided preference for being led instead of being corralled. Leaders are criticised for attempting to play boss, but there isn't any bossism when men use arguments instead of resorting to tricks and frame-ups.

The American suffragettes are illustrating the newspapers with the pictures of suffragette beauties who posed in the great tableaux held recently at the Metropolitan Opera House, New York. If that work is kept up, there will be no necessity for hunger strikesses or arsonettes in order to emphasize "a cause."

Says the Washington Post: "Mary Garden gave wide publicity to her find of a man under the bed." Gee, it makes no difference where a man hides they will find him and also find him out. Shucks! How could a man be found out when he is found under the bed?

Secretary Bryan has left the Court of Sacramento, but he may be recalled. California ought to go Democratic next time. The Democratic administration at Washington recognized her sovereignty by sending a special ambassador to treat with the powers that be, although the chief goes under the name of Hiram Johnson. Who put the ram in Hiram?

During the tariff debate, Representative Thomas, of Kentucky, stung Republican Leader Mann by referring to him as "the bewhiskered gentleman from Illinois." Mr. Mann retorted that while it was true that he was bewhiskered at least he was not "bewhiskied." As a conclusion of these pleasantries, it is not stated whether the Kentuckian resumed his seat with a wry face.

Republicans don't think much of Thomas Jefferson because they have never been able to claim that he was any kind of Republican. Jefferson's reputation and record show plainly that he didn't have to tell anybody that he was a Democrat. The political historian of the future will hardly be able to locate those gentlemen who have been in and out of two to three different parties in their efforts to find out how to land.

The issue in North Carolina now is lower freight rates. A great many gentlemen with high aspirations will be found eloquently demanding low rates. Talking loud will not get rate justice, but a quietly conceived plan backed by argument may. The people would rather have more planning than talk that is wide of the mark. The idea is not to dispute the position of the railroads but to refute it. Let the refuters step to the front instead of the disputers.

STREET AND HIGHWAY ENGINEERING.

Many cities are regrading their streets and laying permanent foundations for whatever kind of surfacing it is decided to have now or in the future. Atlanta is tearing up some of its principal thoroughfares and they are to be regraded and made anew. This indicates that former improvements were not up to the standard of street and road engineering of today. The truth is, many cities have constructed streets without any idea as to the engineering feature involved. Street and road building has been engaged in on a reckless scale, and that accounts for the fact that streets supposed to have been permanently improved have turned out to be only temporary affairs.

Of course, most cities have a city engineer and they have had them in the past, but they didn't know their business. They were mostly surveyors, but not engineers. Their work has to be torn up sooner or later and more money has to be spent where former expenditures have as good as been thrown away, but the times not only call for good engineering, but proper construction, whether it be a street or a road. Proper grading not only adds beauty to a thoroughfare or a highway, but it saves material and reduces the percentage cost of wear and tear. There is trouble ahead for the street or road that is not graded and constructed with a view to avoiding damage from storm water. Grading takes in the question of drainage, and if the engineering is not good there will be excessive wear and tear and unnecessary expense for maintenance and repair.

However, if the grading is proper and the foundation is right, cities and counties can count on a minimum cost of maintenance and repair, both of which have to be counted on and provided for when streets or roads are built. When streets or roads are constructed, if their future expense for care and up-keep are not taken into consideration, the money spent on them will be as good as thrown away. The first cost would be excedingly expensive for a street or road that after all will be only a temporary affair if no tax is levied for up-keep. We know of a county which spent $100,000 on good roads and which thereafter should have provided a maintenance and repair fund of at least $10,000 a year, but it didn't. It would now cost that county another $100,000 to rebuild its roads on a proper grade, avoiding the mistakes of the past. They were constructed without any idea of scientific engineering or even surveying. We know of cities that keep on building and tearing up streets, whereas if they had been properly graded and underdrained, their permanency would be unimpaired. If the foundation of a street or a road is properly laid it is there forever, so that any surface can be adopted in the future. It might be necessary to adopt a different surface for a street or a road, but no other construction would be necessary so far as the foundation and mattress for the superstructure is concerned.

We have no doubt Atlanta is spending thousands of dollars in regrading and street construction that could have been avoided to a great extent by proper engineering many years ago. Such work by most city governments is a costly experiment, but they keep right on getting new experience without benefitting from former experience. New officials, perhaps, are elected every two years, and a new set of experimenters without knowledge or former experience take hold and experiment the best they can. Taxpayers seem to be willing for it to be that way, for they do the voting, and as a rule, elect men without regard to their experience or general qualifications. Even the most inteligent new officials have to go to work to study problems that the old ones have thrown down or failed at.

Our only purpose in writing this is because North Carolina cities and counties are spending millions of dollars on thoroughfares and highways. It depends upon the amount of money they are going to spend whether they are going to do permanent or temporary work. If any considerable amount is to be spent, call in an engineer instead of a surveyor.

SHEEP FOR THE BLUE RIDGE.

That is the Atlanta Constitution's idea. That esteemed and valuable contemporary wants the Blue Ridge country of North Carolina, Virginia, South Carolina, Tennessee, and Georgia to be utilized for sheep raising. The Constitution says:

"Increase in the Nation-wide demand for mutton as a substitute for beef and pork opens up a tremendous opportunity for the Southern Blue Ridge, adapted by nature, to produce sheep sufficient to feed, perhaps, the whole country. Two or three years ago the market for mutton began to appreciate as beef and pork went higher and higher. The tendency will inevitably be enhanced as a result of Federal inspection last year which demonstrated that in all the millions of sheep and lambs brought during that period to market there was found not one case of tuberculosis. The many people who, whether justly or otherwise, fear this disease in cattle will find an additional reason to use mutton on their tables. Another cause for the increasing popularity of mutton is found in the high food value now placed upon it by science as well as in its palatability when properly prepared."

The Constitution is right so far as the adaptability of the mountain country goes for sheep raising, but there isn't anything the matter with any portion of our States for the sheep industry. So far as wool production is concerned, the colder the climate the finer and more abundant the wool, but so far as the meat part of it is concerned, the climate in eastern North Carolina and the grazing advantages outweigh the difference in the quality of wool. In fact, there was nothing the matter with the wool which used to be brought into Wilmington in large quantities from the surrounding country. At one time a considerable sheep industry was carried on in eastern North Carolina, but the bears and foxes were its greatest enemy. Even then, all the Spring lamb and mutton sold on the Wilmington market was the native article. A lot of it used to be shipped to New York. While bears and foxes are to be considered in certain localities, the killing blow received by the native industry was given by the packing and cold storage establishments. However, if the industry were conducted on a large scale they would be an aid instead of a drawback to the industry.

Our Atlanta contemporary speaks of mutton as "a substitute for beef and pork." Bah! Who would give fine mutton for either? Who would exchange Spring lamb for veal, and veal is a something great to be sure? The fact is, we ought to raise sheep because there are three sources of profit in it—meat, wool and fertilizer. We ought to produce mutton because it stands on its own merits, whether it be produced in South Georgia or western North Carolina.

ELECTRIC POWER IN THIS COUNTRY

The electric power now annually generated in the United States aggregates 12,000,000,000 horespower. It is produced at 7,500 central generating stations and the power they produce would require 5,000,000 locomotives to exert an equal force. The electric power turned out at those stations would propel 342,857 of the largest ocean steamships, which, if placed end to end, would reach twice around the earth, so it is calculated.

This information was recently collected by one of the big electric light and power associations with headquarters in New York. It is astounding. The growth of the industry has been so rapid that the government has been unable to make a proper classification of it in the census. Even the United States and the various States do not know how to tax it or exercise control over it in the interest of the public.

The total value of electrical business in 1912 was $300,000,000, and it has greatly stimulated the copper industry and brought about millions of dollars of manufacturing industries to supply that industry alone. North Carolina figures more largely in this industry every day. Factories and railroads are being operated by hydro-electric plants as well as by steam generated electricity. It is an enormous industry.

CURRENT COMMENT.

At their home in Wilmington last week, Dr. and Mrs. Theodore B. Kingsbury celebrated the 62nd anniversary of their marriage. Doctor Kingsbury is one of the State's most profound scholars and his editorial career was marked by high literary attainments. The Observer hopes this excellent couple may give the newspapers of the State occasion to write of the celebration of their diamond wedding.—Charlotte Observer.

Dr. Charles W. Stiles is being enthusiastically welcomed to Wilmington by the papers of that city. He is to be nominally in charge of the United States Marine Hospital there, but that will be incidental to the prosecution of the scientific research for which Dr. Stiles has become noted. It is a pleasure to the whole of North Carolina to have this distinguished physician within its borders.—Charlotte Observer.

Dr. Charles W. Stiles, discoverer of the hookworm disease, has decided to locate his headquarters in Wilmington, being nominally at the head of the marine hospital, but his chief mission is to do further research work. Wilmington is to be congratulated upon securing the discoverer of the hookworm, and we predict a greater activity in Wilmington since Dr. Stiles will doubtless insist that all hookworms be eradicated from the town.—Greensboro News.

The fact that all matters have been adjusted in regard to the drainage of Lake Mattamuskeet's 50,000 acres and of 75,000 acres more of adjacent overflow land is truly cause for congratulation. For lifting the water out of the lake a battery of ten gigantic pumps will be used like those in Holland, which have removed the water from vast areas; a canal will be built from the lake rim into the sound, into which the water will be discharged by the pumps and the lake bed will be kept dry so it will become, like the surrounding country, a vast corn field. Some years ago Governor Kitchin was driven through the territory around part of the lake, and afterwards said that he had passed through 60 miles of corn field as fine as any the Western prairie lands could present.—Raleigh Times.

A NEW SERUM DISCOVERED.

To the Editor of The Star:—In order that hope may quickly spring in the breasts of the sick and suffering and their relatives in this State, let me ask you to be a messenger to carry to them these rays of sunshine. It is the supreme and important discovery in East Africa in 1911, and its try-out in England and Germany by Dr. Frederick Mehnanto, of a serum named Contra-Toxin, which can be administered by mouth or needle. It not only quickly checks consumption (tuberculosis), but drives it out of the system, apparently for all time, and acts with special speed against malarial infection, eliminating most of the misery of malaria, and a number of blood diseases, including leprosy, sleeping sickness, anemia, particularly pernicious anemia, and others. So thoroughly impressed with the efficacy of this discovery and its supreme importance, especially as I have a careful personal knowledge of the standing of Dr. Mehnanto and his co-laborators who have been using it unknown to the world for the last six months in London and Germany, that I have immediately begun urgent measures to get in touch with this revolutionary method, secure the serum and establish in connection with the Walnut Hill Surgical Research Laboratory a free clinic for the weak, lowly and suffering poor, to be called after my distinguished father, the William James Harriss Bellamy Memorial Clinic.

GOLD DUST does more than clean

Gold Dust does more than wash the surface—it digs deep after germs and hidden particles of dirt and decay. It purifies and makes everything sanitarily safe. Neither dirt nor germs can live where Gold Dust has made its appearance.

Gold Dust needs little help from you; it does most of the work alone. It is a vegetable-oil soap in powdered form, to which are added cleansing and purifying ingredients.

Use Gold Dust for all cleansing purposes. It saves time, saves labor, saves backs and saves money.

You can buy a large package of Gold Dust for 5 cents.

The Mop is Mightier than the Board

WASHINGTON VOTES BONDS

Issue of $15,000 for Public Improvements is Carried

Washington, N. C., May 5.—At the municipal election held in this city today the citizens voted on a bond issue of $15,000 for public improvements, same to be used for municipal waterworks and sewerage and improvements to the municipal electric plant. Quite a large vote was cast, and the bond issue was carried by approximately 280 majority.

Rheumatic Blood is Whole Story

Sciatica, Lumbago, and Dreaded Articular Rheumatism Cured.

You Will Feel Like an Acrobat After Using S. S. S.

There is a host of pills, powders, tablets and what-not for rheumatism, but they all lack the first essential to being a natural medicine. To begin with, rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilative antidote. True, the pains may be eased with narcotics or the acids may be neutralized for the time being. But such methods merely temporize and do not even lead to a cure. There is but one standard rheumatism remedy, and is sold in all drug stores under the name of S. S. S.

It contains only pure vegetable elements and is absolutely free of mercury, iodide of potash or arsenic, and has proved a wonder for every form of rheumatism.

The recoveries of all types of rheumatism by the use of S. S. S. is a fine tribute to the natural efficacy of this remarkable medicine, for it is assimilated just as naturally, just as specifically, and just as well ordained as the most acceptable, most palatable and most readily digested food. Do not fail to get a bottle of S. S. S. to-day. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a great specialist confidentially, write to The Medical Dept., The Swift Specific Co. 137 Swift Bldg., Atlanta, Ga.

SLAYER OF SUMPTER CAUGHT

Albert Highsmith, Colored, Alleged Murderer, Captured Sunday Morning as He Attempted to Get Away—Inquest.

Albert Highsmith, colored, who Saturday night about 9:30 o'clock shot and instantly killed Julius Sumpter, also colored, at the latter's home, No. 1008 North Seventh street, following a dispute over a board bill, was captured Sunday morning at 5:45 o'clock on the Castle Haynes road, three miles from the city, by Hall Officer J. S. Lane, who went in pursuit of the negro on a motorcycle upon telephonic advice to the hall from other officers who had gone to Hilton to search the early outgoing passenger trains for the man.

Highsmith admitted to the officers that he shot Sumpter, but pretended that he did not know he had killed him until informed by the officers. He then broke down and wept. Highsmith was lodged in the city prison, where he remained until yesterday afternoon, when, following the coroner's inquest he was committed to the county jail by Dr. Joseph Akerman, the coroner, without bond to await the September term of criminal court.

The coroner summoned the jury Sunday, but after viewing the body of Sumpter adjournment was taken until 3 o'clock yesterday afternoon, when it reconvened in the Court House and heard the testimony of four witnesses, these being Julius Sumpter, Jr., 16-year-old son of the deceased; Lizzie Robinson, Walter Bradley and Thomas Green. The three first named testified to practically the same thing. Green saw only the actual shooting and as to this his testimony was the same as that of the other witnesses. According to the evidence before the jury, Highsmith boarded with Sumpter and when he came in Saturday night shortly after 9 o'clock Sumpter asked him for the amount due for board. Highsmith replied that he did not have the money at that time, but would have it later. The two had some further words about the matter, but neither seemed to be angry, according to the witnesses. Highsmith started to leave and got outside the door, when Sumpter called to him and told him not to leave until he had paid his board. Sumpter got up and started to the door. Highsmith then turned around and fired at Sumpter five times, two of the bullets taking effect in the abdomen. Sumpter fell to the floor dead. Highsmith left the premises hurriedly. Green testified that he was in the kitchen of the house when he heard some words. He arrived in the front part of the house in time to see the shooting.

Highsmith claims, it is said, that Sumpter asked him for the pistol as security for the board bill and when he refused to give it to him he made a grab for it, at the same time calling Green to his assistance. He says that in the scuffle the revolver exploded accidentally. Not much credence is given his version of the affair, however.

The coroner's jury was composed of Justice George Harriss, foreman; C. H. Keen, secretary; W. J. Beach, J. M. Moore, L. W. Tindall and J. L. White. The verdict was "that Julius Sumpter came to his death from pistol shot wounds, said pistol having been fired by Albert Highsmith."

Officers searched the city and surrounding section all Saturday night for Highsmith. Plainclothesmen B. W. Jacobs and Frank George and Mr. H. Mack Godwin were detailed to go to Hilton and search the two early outgoing passenger trains, permission having been obtained from the dispatcher to hold the two trains there for five minutes. Hiding in the underbrush near the railroad at Hilton, Highsmith saw the first train come to a stop and the officers go aboard. Divining their purpose the negro changed his plans and went out the Castle Haynes road. Before the second train came along a colored man passed the officers at Hilton and told them that he had just passed, near the Castle Haynes road, a negro answering the description of the man they wanted. The officers telephoned to headquarters, knowing that the man had such a start on them that they could not overtake him afoot, and Hall Officer J. S. Lane went out on the police motorcycle, with the result as stated.

The negro told the officers that he spent Saturday night in the underbrush at Hilton Park.

Sumpter's wife, Jane Sumpter, left him about three weeks ago and went to Norfolk, it is reported, with another man, taking along certain articles of property from their home. The husband sought to have her arrested for larceny and tried to get a warrant, but as there was some question as to whether a wife could be taken for larceny of property which husband and wife owned in common, the warrant was not issued. After the killing, the wife returned, packed up her things, down to the chickens in the yard, and prepared to return to Norfolk, leaving two small children to shuffle along the best they could, but she hadn't figured out everything just right, for she was arrested on a warrant from Justice Harriss, charging forcible trespass and spent last night in jail. She will be tried today.

Meeting Chamber of Commerce

The annual meeting of the Chamber of Commerce wil be held tomorrow. Officers for the ensuing year will be elected, and the balloting for these will begin at 10:30 and last until 3 o'clock, when the "polls will close."

MEETING OF COMMISSIONERS

No Action Taken on Resignation of Col. Metts—Accountant Marsh Reports on Recorder's Court —Other Business

The County Commissioners met in regular session yesterday afternoon at 3 o'clock, present Chairman Willard, and Commissioners McGirt, Yopp and Kerr. An immense amount of business was before the board for transaction, so much that when adjournment was taken at 5 o'clock until Friday at 3 P. M., enough was left for a full session at that time.

The first matter of importance taken up was the resignation of Commissioner J. VanB. Metts, who stated that owing to business reasons, he wished to retire from the board. The Star published an item in regard to the resignation when it was submitted several weeks ago. Mr. McGirt, in view of the statements made in the resignation, that Commissioner Metts' private business was necessarily made to suffer by his duties on the board, and in view of the fact that repeated efforts to induce Col. Metts to reconsider his resignation had been without avail, moved to accept. Commissioner Yopp moved that no action be taken. The latter motion prevailed, and the matter goes over to the next meeting. Maj. W. N. Harriss, Clerk of Superior Court, whose duty it will be to appoint a successor to Col. Metts, in case he adheres to his decision to retire, was present, and Chairman Willard stated that the clerk was ready to name a successor, so that the new member could be immediately sworn in and take part in the meeting.

Mr. Albert H. Marsh, expert accountant employed to be with Auditor J. A. Orrell in getting things in shape for the various changes in the laws effective May 1st, reported the result of an audit of the Recorder's court books covering the time from December 1st, 1912, to and including April 30th, 1913. He stated that the fines amounted to $3,488.65 and the costs to $1,786.70, a total of $5,275.35, of which amount $825.10 represented delinquents. Of the $5,062 of delinquent fines and costs due December 1st, 1912, $1,145.45 had been collected, and from December to March $437.75 had been collected, a total of $1,583.20, leaving uncollected May 1st, 1913, the sum of $4,389.90. Of this sum $2,724.75 represented fines, and $1,665.15 represented costs. To the treasurer had been paid $6,033.45.

Mr. Marsh stated that he had made out a list of all delinquents, and given it to the Clerk of Superior Court, who is now ex-officio clerk of the Recorder's court. In making out the statement of fines and costs of delinquents, due credit had been given where defendants were sent to the roads when they did not pay their fines and costs.

Commissioner McGirt offered a resolution requesting the Recorder, if not inconsistent with his duties, to enforce the collection of fines and costs on the spot, in the future, or in other words, that no more credit be given to anybody. This was adopted and Mr. McGirt then offered another resolution to the effect that the deputy clerk of the Recorder's court go over the list of delinquents with a deputy sheriff, issue caplases and either collect all that is collectible, or let the road sentences be carried out, and allow the deputy 10 per cent of the amounts collected, or in case the road sentence is carried out, 10 per cent of what the amount would have been. The board then fixed the standard of a convict's value in money at 50 cents a day, and hereafter the amount of an unpaid fine shall be worked out on that basis.

Dr. W. D. MacMillan, county superintendent of health, made his report, showing that there had been two cases of diphtheria, 21 cases of measles and two cases of typhoid fever in April. One case of pneumonia and a few slight fevers constituted all the sickness in county institutions, which are in good sanitary condition. One colored inmate of the county home died of pellagra. Ninety-five patients were treated during the month, and eight permits issued to the hospital; four rooms were fumigated and two nuisances abated; suburban settlements had been inspected twice during the month and found in good sanitary condition. A horse, which had rambled around town a good deal, died of glanders and was buried and limed. The horse is said to have come from some outside point. The superintendent asked the board to designate the dealer from whom medicine should be bought. It was stated that Jarman & Mintz have a contract to furnish the prescribed medicines, but it was not understood that the stock medicines were to be purchased from the firm or from any other special firm. It was also stated that Mr. Jarman understood that his firm was to furnish all medicines.

It was stated that there was some complaint from certain people engaged in various kinds of work, in regard to the hours of the tax-listers in the city, and after discussion the board ordered that the hours daily should be from 9 A. M. to 6 P. M., and Saturdays from 7 P. M. to 9 P. M., in addition to those hours, so as to give working men ample opportunity to list their property.

Commissioner McGirt stated that there had been complaint about the speeding of autos through Winter Park, and he offered a resolution which was adopted, fixing the speed of all motor vehicles at 12 miles an hour over that part of the public road leading from Wilmington to Wrights-

(Continued on Page Six.)

P. Q. MOORE THE NEXT MAYOR

Won in Yesterday's Election Over Mr. Springer by 206 Majority—Councilmen Are Five Who Led in the Primary.

Mayor—Parker Quince Moore.

Councilmen—W. F. Jones, T. W. Wood, B. A. Merritt, D. N. Chadwick, Jr., Chas. C. Loughlin, from the five wards in the order named.

In brief, the above tells to story of yesterday's municipal election. The Mayor and Councilmen will take the reigns of the city government today at noon. Mayor-elect Moore is a member of the present Council and is the only member of that body who will have a place in the new administration.

As to the election yesterday, the result does not present many surprises. In fact, the result is no more than had been expected to those who had kept a close tab on the situation ever since the campaign began several weeks ago. Councilman Moore, who after today noon will be Mayor, won over ex-Mayor Wm. E. Springer by 206 majority, which is larger than some had counted on. Councilman Moore carried every ward save one, the Third, which gave Mr. Springer a majority of 26. Mr. Springer also carried the first precinct of the First Ward, but he lost more in the second than he gained in the first, therefore the word went to Councilman Moore.

As in the primary on the 22nd of April the ticket was led by Mr. B. A. Merritt, Councilman-elect from the Third Ward, who polled 1,717 votes. Mr. T. W. Wood, of the Second Ward, came next with 1,581 and Mr. D. N. Chadwick, Jr., of the Fourth, was third, with 1,439.

Totals for Councilmen were as follows: First Ward, Jones, 1,216; Sue, 906; Second, Wood, 1,581; Munson, 511; Third, Merritt, 1,717; Behrends, 499; Fourth, Chadwick, 1,439; McNorton 770; Fifth, Loughlin 1,342; Huband, 882.

The count was much more rapid last night than in the primary two weeks ago, due to two reasons. One was that the ballot did not contain half as many names and the other was that the election officers were practically the same and with the experience gained in the primary had become more expert at the work. The result was practically known by 9 o'clock, when only two or three precincts had been heard from. By 10 o'clock it was a sure thing as to who were the winners, as all the wards and precincts had reported by that hour except the Third, which did not make returns until about 11 o'clock, which, however, was three-quarters of an hour earlier than the primary returns were received from that ward.

Early in the evening it was reported at the Court House, where the City Election Board met to receive the returns, that the Springer forces conceded the defeat of their candidate by a small majority. As the returns began to come in it was plain to be seen that the majority would not fall under 200 and there was a suspicion that it would reach 250 or 300. However, the full returns showed that the first estimate was nearer correct.

A total of 2,605 votes were cast in the election. The vote by wards and precincts follows: First Ward, first precinct, 304; second precinct, 144; total for the ward, 488. Second Ward, 392; Third, 525; Fourth, 413; Fifth, first precinct, 475; second precinct, 352; total for the ward, 837.

Well Organized.

The mayoralty contest was spirited throughout. Friends of the two candidates worked with all their might for their choice and an especial effort was put forth by the Moore forces. Councilman Moore had his forces all well organized—many declare the organization to have been well nigh perfect—and everything went off pretty much as they had planned. A hall was rented and meetings of the forces were held regularly at which plans were perfected and inspiration imparted. The effect of this is seen in the result of the contest. Besides the splendid organization, Councilman Moore had the support of the local political machine, which includes such war horses as Recorder John J. Furlong, Justice George Harriss and others. It is not intended to convey the impression that the Springer forces were not organized, for they were, and all hands rendered a good account of themselves. They all worked hard and the victory of Councilman Moore gives his friends and supporters all the more reason for rejoicing at his success because of this fact. He has served the city for the past two years as Councilman in charge of the Streets and Wharves Department and under his direct supervision the city's improved streets were built. He also served as Alderman some years ago. He is therefore, not without experience in the handling of municipal affairs and will without a doubt make Wilmington a splendid Mayor.

Of the five men elected to the Council, only one has served the city before, Mr. T. W. Wood having been an Alderman some years ago. The others are all new in the handling of city affairs, but they are all men of more than the average business ability and will soon have things running as smithly as if they had grown up in the service of the municipality. Two of the number are lawyers—Chas. C. Loughlin and W. F. Jones, Esqs. A majority of the Council are young men

Already there is much talk as to who will be elected to fill the various positions that the Council will have to offer. Mr. N. J. Williams, former chief of police, but for the past two years special officer, and Mr. Chas. S. Burnett, who was formerly assistant chief

(Continued on Page Eight.)

NAVIGATION AND PILOTAGE

Official Report of Proceedings of Board of Commissioners Held Yesterday, Routine and Otherwise. Complaints From Pilots.

Wilmington, N. C., May 5, 1913.

Regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held today, with the following present: Chairman James Sprunt, Vice Chairman J. W. Harper, Commissioners H. G. Smallbones and William St. George, and Clerk L. Brown McKoy.

The reading of the minutes of the last meeting was dispensed with, they having been published in the newspapers at the time and read by the Commissioners.

The Clerk reported that the Special Committee appointed at the last meeting of the Board had approved the applications of twenty-one pilots for renewal of license and that he had accordingly issued new branches, for the year ending May 1, 1914, as follows: E. H. Adkins, J. J. Adkins, O. D. Burriss, H. C. Corlette, J. W. Craig, M. T. Craig, J. L. Daniels, I. S. Davie, T. M. Morse, B. F. Newton, Walker Newton, W. J. Newton, L. J. Pepper, C. J. Piver, J. S. Sellers, C. B. St. George, J. N. St. George, Thos. St. George, Wm. St. George, J. J. Weeks and J. A. Williams.

The Clerk reported, further, that the only pilot not applying for renewal of license was R. T. Bensel, who is in very bad health and who does not feel justified in renewing his branch while in his present condition. The Clerk was instructed to convey to Pilot Bensel an expression of the Board's sympathy, with the hope that he will soon be fully restored to health and able to resume his duties.

Reports of the monthly and quarterly sounding committees were read and approved.

Section 7, on pages 3 and 4 of the Port and Harbor Regulations, a modification of which was suggested at the last meeting, was amended to read as follows:

"When any properly equipped pilot shall see any vessel on the coast, having a signal for a pilot, or shall hear a gun of distress fire off the coast, and shall neglect or refuse to go to the assistance of such vessel, such pilot shall forfeit and pay One Hundred Dollars, one-half to the informer and the other half to the Fund for the Benefit of the Widows and Children of Deceased Pilots of the Cape Fear River and Bar; unless such pilot is actually in charge of another vessel or is on a leave of absence from the Board."

Complaints from pilots J. L. Daniels, Thomas St. George, J. J. Adkins and L. J. Pepper, with reference to Pilots I. S. Davis and J. S. Sellers, were read before the Board, and, after discussing the matter at length, the Commissioners sustained the position taken by the Chairman of the Board, in a letter of April 28, 1913, in regard to this matter, which was as follows:

Wilmington, N. C., April 28, 1913.

Pilots J. L. Daniels and Thomas St. George, Southport, N. C.

Dear Sirs:—I am instructed by the Chairman to acknowledge receipt of your communication of April 21st, in which you state that on the 19th of April you found the boat Virginia Dade, with pilots I. S. Davis and J. S. Sellers on board, cruising off the bar, you believe with the intent and purpose of supplying vessels with pilots.

I am instructed further by the Chairman to state to you that the Board is hardly justified in taking any action in this matter, as it is possible that the pilots in question were not seeking vessels for pilotage as you suppose. If, however, the Board learns that any vessels have been boarded by pilots, out of boats that are not licensed, immediate action will be taken.

Respectfully,

L. BROWN McKOY, Clerk.

The Clerk was instructed to request Pilot O. D. Burriss to appear before the Board and show cause why he should not be fined, in acordance with the regulations, for failure to report back to the Board upon expiration of his leave of absence on April 20, 1913.

A communication from Capt. E. D. Williams, Harbor Master, requesting that two-thirds instead of one-half of the collection of port dues be allowed the Harbor Master as compensation for his services, was adversely acted upon, on the ground that with every reduction of the total receipts, the means of the Commissioners were proportionately decreased, and that the state of the treasury would not admit of the proposed change without causing a deficit in the budget of the Board for the year; more especially in view of the fact that the arrivals of ships for the year just past have been the lightest for several years, and it is to be hoped that conditions will improve another season

Upon motion of Vice Chairman Harper, seconded by Commissioner St. George, Captain E. D. Williams was re-elected Harbor Master for the year ending with the first Monday in May, 1914; and L. Brown McKoy was re-elected Clerk for the year ending April 15, 1914; the remuneration of both to be the same as for the year just ended.

The Board discussed at length the necessity for a better anchorage basin in the lower part of the Wilmington harbor, which would admit of anchoring two or three deep draught vessels without risk of their going ashore on the turn of the tide, the present basin being inadequate to the needs of the port. The Chairman was requested to ask Major Stickle to investigate the conditions and report upon the feasibility of enlarging and deepening the basin. It isunderstood that the owners of the marshes bordering on the river, opposite the anchorage basin, have expressed their willingness to have the deposit dumped upon their land and the harbor line drawn in, thereby insuring an economical and practicable solution of the dredging problem. Some of the larger vessels which have come to this port in recent years have been as long as 480 feet, for which there is no adequate provision made in the present anchorage basin. It is likely that the length of incoming steamers will increase, with the growing facilities of the port, and therefore the matter of the anchorage basin becomes of proportionately greater importance.

A petition was read before the Board, addresed to Hon. Lee S. Overman, Washington, D. C., which has been signed by the local shipping interests generally, protesting strongly against the proposed removal of the Frying Pan Light-Ship to a point many miles further off shore, where it would be of practically no use to Wilmington commerce, for which the light-ship was especially designed and built. This petition will be forwarded to Senator Overman in a few days, when additional signatures have been obtained, and it is to be hoped that it will have the desired effect in keeping the light-ship where it is now moored and where it is giving general satisfaction to the Wilmington shipping.

There being no further business, the meeting adjourned.

L. BROWN McKOY, Clerk.

NEW BUILDING DEDICATED.

New Era Inaugurated at Chapel Hill. Mr. J. J. Blair Attends.

Mr. John J. Blair, city superintendent of schools, returned yesterday morning from Chapel Hill, where Friday night he attended and participated in the dedicatory exercises of the new Peabody Education building for the training of professional teachers. Thirty-seven years ago the first Summer school for the training of teachers to be held in connection with a university or college in America, was held at Chapel Hill. The instructor was Dr. Kemp P. Battle, ex-president of the University, who was present Friday night and expressed the wish of furthering the work of professional teacher training. Two other co-laborers that date their work for teacher training back a quarter of a century or more were present to participate in the exercises. They were Dr. J. Y. Joyner, State superintendent of public instruction, and Prof. M. C. S. Noble, the dean of the new school of education, who a few years ago was superintendent of the Wilmington graded schools.

Mr. Blair was one of the speakers Friday night. In his address, according to the Chapel Hill correspondent of the Raleigh News and Observer, Mr. Blair suggested this inscription as an appropriate one to be carved on the new building "Commonwealth of North Carolina requires the education of all citizens for the safeguard of its liberties."

Stole Two Casks of Lard.

While trying to get away with two big casks of lard, weighing approximately 900 pounds, Robert Black and Zollie Pierce, colored, were arrested Sunday by Officers Powell and Ed George, and locked up. They had taken the lard from a freight car at the Corbett Company's place, and the lard was shipped to that firm. In addition to the lard they had appropriated a mule and dray belonging to Mr. B. A. Merritt, Councilman-elect from the Third ward.

KNIGHTS OF COLUMBUS

Annual Meeting to be Held at Charleston, S. C., Next Week

The annual convention of the Knights of Columbus of North and South Carolina will be held in Columbus Hall, Charleston, S. C., 13th and 14th of May, and will be attended by several representatives from this city. There are six councils in the two Carolinas as follows: Charleston, Columbia, Greenville, Wilmington, Greensboro and Charlotte. Each council will be represented at the Charleston meeting. A number of matters of interest to the order will be disposed of. Arrangements have been made for the entertainment of the visitors while in Charleston.

Ball Game This Afternoon.

This afternoon at 3:30 o'clock the team from St. Andrew's will play the team from St. James' Episcopal church at Hilton Park, and the public is invited to turn out and see a realy snappy exhibition of the National sport.

Under the auspices of the Ladies' Aid Society of St. Matthew's Lutheran church, a reception was given in the Sunday School parlors last night in honor of the new members received Sunday, four by confirmation and one by profession. A musical programme was rendered and Rev. F. B. Clausen, pastor of St. Paul's Lutheran church, delivered a most interesting talk, followed by Pastor McClanahan, of St. Matthew's. Refreshments were served and games played by the young people. The evening was very pleasantly spent by a large number of people.

ANNUAL PILGRIMAGE TO ST. PHILLIP'S CHURCH

The North Carolina Society of the Colonial Dames of America will hold its annual meeting tomorrow, the 7th, in the rooms of the society, Fifth and Market streets. The Dames of the city are anticipating with much pleasure the attendance of quite a number of out-of-town members and will give a reception to these members tomorrow evening from 9 to 11 o'clock at the home of Mrs. Edmond Prince, on Carolina Heights.

As previously announced, the Pilgrimage to old St. Phillip's church will be Thursday, the 8th. The boat leaves her wharf promptly at 10. There will be a basket picnic and the public is cordially invited to go on the Pilgrimage. Tickets may be had for 50 cents.

* * *

PHILATHEA BUSINESS AND SOCIAL MEETING HELD

The Philathea class of the Brooklyn Baptist church held a business and social meeting last night in the church parlors. Mrs. W. L. Weaver, the vice president, presided. After the business of the evening had been transacted, an enjoyable programme was rendered. Miss Louise Sullivan gave a song, Miss Mary Hester Vann a recitation, and Miss Rich, in pantomime, gave "Annie Laurie." "The Train Tomorrow," a dialogue, was rendered by Mrs. F. S. Garrison, Victor Sullivan and Mrs. L. M. Bright. The Whites and Blues held a contest, the colors being carried out in every detail with white and blue letters, "Welcome" for Blues. There were 75 people present. Delicious refreshments were served by the Whites, for which all the Blues returned hearty thanks.

COMMENCEMENT EXERCISES OF GREENSBORO COLLEGE

Invitations have been received reading as follows:

1838 1913

The Trustees and Faculty
Greensboro College for Women
request the honour of your presence
at their
Seventy-fifth Anniversary Commencement Exercises
May twenty-fifth to twenty-eighth
nineteen hundred and thirteen
Greensboro, North Carolina.

The following compose the graduating class, being candidates for the A. B. degree: Annie McTyeire Adams, Mattie Berge Abernathy, Julia Etta Brookshire, Janie Wilma Gullege, Eva Ellen Martin, Linnie Maie Ward, Annie Elizabeth Whitener.

The baccalaureate sermon will be preached Sunday morning, May 25th, at 11 o'clock, by Bishop Collins Denny, of Richmond, Va. At 8 o'clock P. M., same date, the anniversary of the Young Women's Christian Association will be observed, sermon by Rev. E. K. McLarty, pastor of Tryon Street Methodist church, Charlotte. Monday, May 26th, at 8:30 P. M., the annual concert will be given. On Tuesday, May 27th, the following will be the programme: 10 A. M., business meeting of alumnae; 1 P. M., alumnae luncheon; 5 P. M., class day exercises; 8:30 P. M., "Al fresco" play by the expression department. Wednesday, May 28th, at 10:30 A. M., the graduating exercises will be held, and at 11:30 A. M., the address will be delivered by Rev. P. P. Claxton, United States Commissioner of Education, Washington, D. C. At 8:30 P. M., a Jubilee Musical Festival will be given.

* * *

ONSLOW GUARD CHAPTER ORGANIZED YESTERDAY.

The Onslow Guards Chapter, United Daughters of the Confederacy, Jacksonville, N. C., was organized yesterday afternoon at 2 o'clock in the Court House at Jacksonville, Mrs. W. M. Creasy, State Recorder of Crosses, and Mrs. Richard Price, director of the district, both of this city, were there to organize the chapter and assist the ladies of Jacksonville in the preliminaries. Mrs. Creasy and Mrs. Price returned to the city on the evening train.

The meeting was a most enthusiastic one. The organization of the chapter comes as a direct result of the awarding of crosses of honor at Jacksonville by members of the Cape Fear Chapter last Fall. At that time the ladies who went from this city ascertained that there were several ladies there eligible to membership and a movement was immediately started to have a chapter formed. The chapter begins with a membership of 20, 18 of whom were connected with the organization before and two who will have their memberships moved there from another place.

Temporary officers were elected as follows: President, Mrs. Walter Murrill; vice president, Miss Etta Freeman; recording secretary, Mrs. E. L. Cox; corresponding secretary, Miss Clyde Marine; treasurer, Mrs. F. W. Hargett; registrar, Mrs. E. M. Koonce; historian, Mrs. L. M. May; custodian, Mrs. Robt. Collins. As soon as the charter is received from the State president the organization will be made permanent.

The veterans of Onslow county met also at the Court House in Jacksonville yesterday and organized a camp. Like the chapter of Daughters, the camp starts off with a large membership.

* * *

ELEVENTH ANNUAL MEETING OF THE N. C. FEDERATION.

Newbern, N. C., May 5.—The city is rapidly filling with representative club women from all parts of the State to attend the 11th annual meeting of the North Carolina Federation of Woman's Clubs, which will convene here Tuesday morning.

The local club and its several departments have been busy for weeks making preparations for the entertainment of the visitors. Nothing that would tend to increase the pleasure and entertainment of the visitors has been left undone and while they are in "The City of the Elms" everything possible will be done for their comfort and enjoyment.

The session will last for four days and there will not be an idle minute during this time. The first day will be consumed mainly with the business sessions of the Federation. The first session will be held at 10:30 o'clock. At 1 o'clock the visitors will be served luncheon and at 4 o'clock in the afternoon there will be a meeting of the board of directors in the Elks' Temple. At night there will be addresses in Griffin auditorium by Mrs. R. R. Cotten, president of the North Carolina Federation, and Miss Julia Lathrop, chief of the National Children's Bureau. Following this the visitors will be tendered a reception.

On Wehnesnay the first business meeting of the day will be held in the Elks' Temple and at that time the delegation will present their credentials. There are 80 clubs in North Carolina and as there will be several delegates from each club, considerable time will be taken up in this work. At 1 o'clock the visitors and local members will go by boat to Glennburnie Park, where luncheon al fresco will be served, followed by a business meeting, after which the return trip to the city will be made. Wednesday evening will be known as "Fine Arts" evening and the exercises will be conducted in Griffin Auditorium.

On Thursday the first thing on the programme will be a business session at 10:30 o'clock in the Elks' Temple. This will be followed by luncheon and in the afternoon another business session will be held. At night Chief Justice Clark will address the Federation in Griffin Auditorium. Judge Clark's address is being looked forward to with much anticipation and it is one of the chief events on the programme.

Friday will be the last day of the session and a number of interesting events have been planned for this occasion. As on the previous days a business meeting will first be held in the Elks' Temple and this will be followed by a meeting of the board of directors. This latter meeting will be of especial importance owing to the fact that the next place of meeting will be chosen. At 3 o'clock the entire delegation of visitors and the local members of the club will go on board the revenue cutter Pamlico for a cruise down the Neuse river and this will end the official programme.

There will be many prominent ladies present at this meeting and the citizens of Newbern have offered their aid to the local club in any manner. Accommodations have been provided for an unlimited number of visitors and it is expected that at least 500 visiting delegates will be present. There will be representatives from Greensboro, Charlotte, Raleigh, Wilmington, Winston-Salem, Asheville and practically every city and town in the entire State.

PERSONAL PARAGRAPHS.

—Rev. Mr. McClanahan, pastor of St. Matthew's Lutheran church, and Mr. W. W. Koch, leave today for St. John's church, Cabarrus county, to attend the meeting of the North Carolina Synod of the Lutheran church.

Mr. Chas. E. Hooper Arrives.

Mr. Chas. E. Hooper, who will manage the Oceanic Hotel, Wrightsville Beach, this season, arrived yesterday morning from Washington, D. C., where he has been for several days on business, and is now busy getting everything in readiness for the opening of the hotel the first of June. Mr. Hooper yesterday conferred with President J. H. Hinton, of the Oceanic Hotel Company, with regard to plans for the season. Mr. Hooper was manager of the Oceanic two years ago and has many friends in Wilmington. During the past Winter he was manager of a tourist hotel in Florida.

The Knocker Gets in a Word.

Saturday night when news of another homicide came and it was said the negro had made his get-away, the Knocker in a crowd spake up and said: "Yes, they never get a man when he kills somebody, or when he steals half a storeful of goods, or busts into your house, but jes' let him order two gallons of licker and they'll get the licker and him before the express clerk is through checking the packages." But they got the negro Sunday morning, just the same.

"Complexion Secrets Of An Actress"

In a recently issued volume bearing the above title, the author says: "Continuous use of grease paints, rouge and the like, had ruined my complexion. My skin was colorless, wrinkled, course and punctured with large pores. In England I heard of the virtues of mercolized wax; my first experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of mercolized wax at the nearest drug store, spread on a thin layer of it before retiring, washing it off next morning. The wax, after a few such treatments, seems literally to absorb the worn-out cuticle, when a brighter, healthier, younger-looking skin appears.

"For the wrinkles and enlarged pores, I began using a solution of saxolite, one ounce dissolved in a half pint witch hazel. Bathing the face in this every day for awhile soon relieved the condition most wonderfully."

(Advertisement.)

MEETING OF COMMISSIONERS

(Continued from Page Five.)

ville Sound, from the bridge at Downey's branch on said road to the eastern limits of Winter Park; and on that part of the Masonboro road from the second toll house on said road leading from Wilmington to Wrightsville Sound, to the eastern limits of Winter Park.

M. E. H. Freeman appeared before the board again in regard to the old Greenville road, which, it was stated, is blocked by a ditch cut by Mr. Fenley. Mr. Freeman stated that it had been a public road for over 100 years, that all deeds called for the road as their boundary, and that as far as investigation had been made, no record had been discovered that the county had ever abandoned the road, when the turnpike was built. Marsden Bellamy, Esq., county attorney, and Superintendent Burnett, of the road work, were instructed to go over the situation and report, and Mr. Burnett was also instructed to report on a ditch on the Wrightsville road, which is alleged to have caused an overflow on adjacent property. The road committee had no report on several road matters.

Mr. McGirt stated that there was complaint of mosquitoes in the vicinity of the old rock quarry, formerly worked by the city, there being pools of stagnant water in the place. On motion a committee composed of Mr. McGirt, chairman, and Messrs. Metts and Yopp, was named to visit the place, with Dr. MacMillan, and report.

Rev. Mr. Chafin, appointed registrar at Seagate for the bond election, resigned and Mr. John E. Hines was named, and the board confirmed all appointments of pollholders and registrars made since the last regular meeting. In regard to Dave Saunders, it was stated that after having been in jail 20 days, he could take the oath of insolvency and be discharged. Mrs. Mason, mother of Joe Mason, who is serving a two-year sentence on the roads, asked if her son could not be hired out, saying he had spent nine weeks in the hospital because of an operation for appendicitis, and that his health was poor. She was referred to the Recorder who alone has power to take action. Mrs. Mason stated that a permit from Chairman Willard, granting admission to a member of the family, to see Joe, had not been honored. Chairman Willard stated that he granted it subject to the approval of Superintendent Stokes, who turned it down. Mr. Burnett stated, because somebody had approached one of the guards and offered a sum of money if he would fix it so Mason could escape. It was further stated that Mason had attempted to escape twice. Messrs. Burnett and Stokes were given power to act in this matter of permits hereafter.

Four coupons of $12.50 each, of bonds 41 and 42, were burned by Commissioner Kerr, who was designated as the "incinerator," by Chairman Willard. P. D. White was put on the outdoor pauper list at $2 a month. Albert Middleton, colored, having paid poll tax in this and Sampson county, was ordered refunded the amount here. The auditor was authorized to buy a wide-carriage typewriter for his office, when it became most needed. Chairman Willard opposed, not on the ground that it wasn't needed or because he wasn't in favor of the latest improvements, but because just now the county is running short of funds and the tax doesn't begin to come in until next Fall. He likewise opposed arranging an office for the auditor just now, and also changes in the Sheriff's office, for which a bid was submitted by Robert Tucker, Jr., of $475 for labor and material. This was left open but the auditor's office was given to the Court House committee and the auditor with power to act.

Chairman Metts, of the Court House committee, reported that work on the Recorder's court room in the basement was going along slowly, but was nearing completion and would be a neat office when finished. Mr. James Gause, architect, is supervising.

Louise Ashe was hired to Jailor J. M. Branch for the sum of $10. She will work around the jail.

The board meets again Friday at 3 P. M.

LOCAL DOTS.

—A carrier pigeon with a band on his leg numbered 366, has taken up at the home of Mr. J. E. Batson, at Vista, N. C. The band also has another number on it which the owner may give and have the bird.

—Otto Hoffman and Albert Cado, firemen on the revenue cutter Seminole, yesterday morning filed in the United States Court here papers declaring their intention to become citizens of the United States. Both men are from Germany, Hoffman from Berlin and Cado from Stettin.

Deeds Filed for Record

Following are the deeds filed for record yesterday: Wilmington Suburban Co., to F. A. Lord, for $100 and other considerations, lot on west side of Fourth street, 512 feet south of Greenfield, 50x65 feet in size. Eliza J. Davis to Cammie E. Davis, for $10 and other considerations, lot on west side MacRae, 132 feet south of Mulberry, 66x140 feet in size. C. S. and A. L. Manly to G. E. Inman, for $10 and other considerations, lot 132 feet south of Dock and 100 feet west of 16th street, 30x65 feet in size. Geo. O. Gaylord to A. C. Chafin and wife, for $50 and other considerations, lot on south side of Old Greenville road, adjoining property of J. E. Hines, in Harnett township, being part of Maffitt tract. Southern Realty & Development Co., to R. L. Jenkins, for $10 and other considerations, lots 157 and 158, Lakeside Park.

Suit for Opera Rent

Action was started in Superior Court yesterday by Miss Rowe Wiggins against Mr. S. A. Schloss, of the Schloss Theatre Circuit, for $600, alleged to be due as rent for the Goldsboro opera house, owned by the plaintiff, from July 15th, 1912, to April 15th, 1913. A. S. Williams, Esq., is attorney for the plaintiff. The papers have not yet been served and are not likely to be any time soon. Mr. Schloss has been ill for some time and his physicians have notified the Sheriff that he is not in condition to be served with legal papers. As it is a civil and not a criminal action, the Sheriff will have to obey the orders of the defendant's physicians.

250 Visit the Beach

The members of the Sunday schools of St. John's and St. James' Episcopal churches enjoyed the third excursion to Wrightsville Beach, given by the Tidewater Power Company. The young people numbered 250 and that many people enjoyed the outing from the start until they came back in the late afternoon. Tomorrow at 3:30 P. M. the Sunday School of the Church of the Good Shepherd will be carried to the beach on the fourth free excursion, and Thursday the Sixth Street Adventists Sunday School will have its outing.

Baptism of Colored People

Hundreds of people attended a baptismal service for colored people at the rock quarry in the eastern part of the city Sunday afternoon, when about 30 persons were baptized. It was an orderly crowd, although very large, and there was nothing to mar the religious service. Tents were provided for the candidates, and precautions taken against any ill-effects of the immersion, as well as against discomfort of every kind.

COTTON MARKET SITUATION

Business Was Comparatively Quiet—Opening Was Steady at a Decline of Eight to Ten Points

New York, May 5.—Business was comparatively quiet in the cotton market today, and fluctuations were more or less with the close net unchanged to 3 points lower.

The opening was barely steady, at a decline of 2@8 points and the market sold off to a net decline of some 8 to 10 points. Reports of good rains in the Southwest and favorable private crops advices, combined with somewhat disappointing Liverpool cables, and reports that certain of the Fall River mills would close down for an indefinite period, beginning next Monday, seemed to account for the decline. On the break, which carried prices back to within 3 or 4 points of the low level of last week, there was a considerable demand, however, which seemed to be partly in the way of realizing by recent sellers, as well as buying here against sales in the market, and prices steadied up from the lowest during the earlier afternoon. Rumors that the old crops long interest was preparing to receive further delivered contracts, and the fault of bearish items in the news to create a more aggressive selling power, were probably factors on the rally, which was led by old crop positions. Closing prices were within a point or two points of the best. European political advices were considered rather more reassuring, and it was rumored that the shutting down of some of the Fall River mills would be for the purpose of installing new machinery. Private cables attributed the decline in Liverpool to scattering liquidation of the old crops, which was supposed to be the result of a few houses with Liverpool connections who were among the early buyers here, while the late trading spot houses were buyers of July.

Spot cotton closed quiet. Middling uplands, 11.85; do. Gulf, 12.10; sales, 5,300 bales.

Cotton futures closed steady.

NAVAL STORES MARKET.

New York, May 5.—Rosin—Steady.

Turpentine—Quiet.

Savannah, May 5.—Turpentine, firm, 36½@37; sales, 772; receipts, 818; shipments, 1,192; stocks, 17,900.

Rosin—Firm. Sales, 1,013; receipts, 1,519; shipments, 3,270; stocks, 49,962. Quote: A, B, C, D, 4.50; E, F, 4.60; G, H, 4.70; I, 4.80; K, 5.00; M, 5.50; N, 6.00; W G, 6.25; W W, 6.50.

DRY GOODS MARKET.

New York, May 5.—Cotton goods markets were steady but quiet for the day. The announcement of another large carpet auction to begin Monday May 12 had been made. Cotton yarns are easier. Trade for the day with the jobbers was very moderate.

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted which Foley's Honey and Tar Compound helped to alleviate. L. Poole, 2217 California St., Omaha, writes: "My daughter had a severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time. My wife would not keep house without it. We have used it for years, always with good results." For sale by Robt. R. Bellamy.

RALEIGH'S ELECTION

Mayor Johnson Re-elected—O. G. King for Police Commissioner

Raleigh, N. C., May 5.—Raleigh today had its first election under the commission form of government adopted in April.

For mayor and commissioner of finance, James I. Johnson, present mayor, defeated Franklin McNeill, former chairman of the State Corporation Commission by 301; for commissioner of public safety, O. G. King, present police commissioner, who fought the commission form, defeated W. L. Dowell by 154; for commissioner of public works, R. B. Seawell, present city engineer, defeated John S. Jones, city tax collector by 584.

STATE

TONE OF STOCKS IMPROVED

Change Far Better in European Political Situation Causes Added Strength to Securities Abroad—Problems.

New York, May 5.—The decided improvement in the European political situation consequent upon Montenegro's decision to yield to the powers, and the resultant strength of securities abroad exerted the dominating influence upon the stock market today. Expectations of speedy settlement of problems which have menaced the peace of Europe for months opened up the prospect of the repurchasing of American securities by foreign investors. London, in fact, has been buying stocks on every favorable opportunity for some time, and before the opening here American stocks in London were marked up sharply. The situation was one which offered no comfort to the bears, and there was spirited bidding for stocks to cover when the market opened. London also was in this market, buying most heavily of Steel, Amalgamated Copper and Union Pacific.

Operations on the long side were carried on more confidently, and in the first hour there was a quick upturn, resulting in gains for important issues of 1 to 3 points.

The action of the market during the remainder of the day showed that the improving prospects abroad had not produced sufficient effect here to bring about aggressive and sustained buying for the long account. Trading grew dull, and prices eased off, although in the final hour the list rose to around the top again. There were several developments at home which served to take off the edge of any tendency toward enthusiasm. Traders were disappointed at the Supreme Court's refusal to extend beyond July 1, the time for completing the Harriman dissolution, and Union Pacific and Southern Pacific sold off.

Announcement that exportation of gold to Paris had been resumed, with the engagement of $2,000,000 gold for shipment also was accounted a bearish factor. The rate of exchange suggested that a premium is being paid for the gold, and the foreign exchange market was unaffected.

Bonds showed an improved tone. Total sales, par value, $1,870,000.

United States bonds were unchanged on call.

Total sales today: Atlantic Coast Line, 100; Chesapeake and Ohio, 1,700; Lehigh Valley, 2,900; Louisville and Nashville, 100; Reading, 47,100; Southern Railway, 300; do. pfd., 300; Tennessee Copper, 400; Union Pacific, 41,900; Steel, 42,300; Virginia-Carolina Chemical, 500.

Total, 270,300.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

ANOTHER GRAND ENDORSEMENT

For the Star's Big Wilmington Progress and Prosperity Edition.

This Time From One of Wilmington's Real Estate Dealers and Land Developers.

Says "I Believe The Star's Proposition Deserving of True and Honest Support."

Read this letter:—

Wilmington, N. C., April 19.
Editor Morning Star:

Dear Sir—I am always in favor of any movement that is for the welfare and advancement of Wilmington, and it gives me pleasure to add my endorsement to your big undertaking to publish a real high class Historical and Trade Edition for outside circulation, and one that will show up our city and county at their very best and from every standpoint.

As one of the business men here, I believe the Star's "Boom Wilmington" proposition deserving of true and honest support—for I can think of no better way of advertising the city, if the papers are properly distributed.

A. W. PATE.

ELECTION NOTICE.

FOR BONDS FOR ROADS and BRIDGES

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina, passed at its 1913 session, entitled "An Act to empower the Board of Commissioners of New Hanover County to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover County on Tuesday, May 27th, 1913, between the hours of sunrise and sunset, to determine whether New Hanover County, North Carolina, shall issue $100,000.00 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said County.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

All qualified electors who favor the issue of said bonds shall vote for "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

For the purpose of this election, as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of Election in the said several townships, precincts and wards.

Cape Fear Township—Polling place, Ritter's blacksmith shop, Castle Hayne road; Registrar, W. H. Shearin; Judges of Election, W. S. Cooper and C. E. Kerr.

Harnett Township—Delgado, Barber shop, Delgado Mills; Registrar, F. C. Branch; Judges of Election, W. G. James and H. C. Blake.

Harnett Township — Seven-Mile Post; Polling place, Township house; Registrar, George T. Shepard; Judges of Election, Gerrit Walker and C. H. Alexander.

Harnett Township — Sea Gate; Polling place, Rogers' store, Sea Gate station; Registrar, Rev. A. C. Chadin; Judges of Election, G. W. Westbrook and Z. A. Sneeden.

Masonboro Township—Polling place, Piner's store, Whiskey Creek; Registrar, J. A. Farrow; Judges of Election, C. W. Bishop and J. A. Hines.

Federal Point Township—Polling place, T. J. Burnett's farm; Registrar, T. J. Burnett; Judges of Election, John A. Biddle and H. B. Williams.

Wilmington Township—First ward, Precinct No. 1—Polling place, Barding store, No. 818 No. 4th st.; Registrar, W. H. Bardin; Judges of Election, W. H. Cox and W. McD. Evans.

Wilmington Township—First ward, Precinct No. 2—Polling place, Engine house, 4th and Campbell sts.; Registrar, George W. Branch; Judges of Election, W. H. Howe and William Sheehan, Sr.

Wilmington Township — Second ward—polling place, Court house; Registrar, W. W. Hodges; Judges of Election, T. E. Sprunt and W. J. Meredith.

Wilmington Township — Third ward — Polling place, Gibelm Lodge, 5th and Princess; Registrar, A. G. Hankins; Judges of Election, Brooke French and John Hall.

Wilmington Township — Fourth ward — Polling place, Oldham's old store, Dock, between Front and Second streets; Registrar, W. P. Oldham; Judges of Election, W. P. Emerson and J. M. Stevenson.

Wilmington Township—Fifth ward, Precinct No. 1—Polling place, Market house, 5th and Castle sts.; Registrar, D. S. Reville; Judges of Election, J. J. Loughlin and H. K. Nash.

Wilmington Township—Fifth ward, Precinct No. 2—Polling place, Engine house, 6th and Castle sts.; Registrar, G. W. Irving; Judges of Election, W. M. Creasy and D. J. Fergus.

The Registration books of each Township, precinct and ward will be kept open for registration of electors for twenty days preceding the day for closing the registration books, as hereinafter provided, Sundays excepted, between the hours of nine o'clock A. M. and sunset on each day, beginning April 24th, 1913; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit, May 17th, 1913; and on Saturday, the 26th day of April, 1913, and on the 3rd day of May, 1913, and on the 10th day of May, 1913, and on the 17th day of May, 1913, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective townships, precincts and wards for the registration of electors.

The registrars will attend the polling places of their respective townships, precincts and wards with the registration books on the Saturday preceding the election, to-wit, May 24th, 1913, from the hour of nine o'clock A. M. till the hour of three o'clock P. M., when and where the said books will be open for the inspection of the electors of said townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 19th day of April, 1913, by order of the Board of Commissioners of New Hanover County.

M. S. WILLARD, Chairman.
Attest: JOHN HAAR Clerk.

Don't Wait for the Wood to Show Before You Paint!

Postponing painting is like putting off payment of taxes. You are only piling up expense. The wise man paints often, so that there is always a protecting film of paint between his house and the elements. The more durable the paint, the less often this must be done.

The most durable paint in the world is

Lewis White Lead
(Dutch Boy Trade Mark)
and Pure Linseed Oil

when mixed to suit the conditions of the wood. All good painters do it this way. Make sure that yours does it, too, and that he uses Dutch Boy white lead and linseed oil.

The following dealers sell it.

ADE IN PHILANTHROPIC MOOD

Successful American Writer Relates With Pleasure How He Served Inquiring Chicago Woman.

George Ade was talking about his last visit to London.

"I like to knock about London alone," he said, "studying the places of historical interest; and at this kindly Christmas season I remember with particular pleasure a good deed that I performed at one of London's historic landmarks for a Chicago woman.

"It was a rainy fall day and I sat over a beefsteak pudding and a mug of bitter at the Cheshire Cheese on Fleet street.

"The Chicago woman entered, Boswell's 'Johnson' in her hand. The Cheshire Cheese was, you know, Johnson's favorite tavern, and the woman had been told that the great man's autograph could still be seen, penciled on one of the walls.

"The waiters told her they knew of no such autograph, but the woman, with dauntless Chicago spirit, began a long, long search, upstairs and down.

"While she was upstairs a warm glow of benevolence suddenly rose up in my breast, and, taking a pencil from my pocket, I wrote with quaint eighteenth century flourishes on the wall behind me:

"'Sam: Johnson.'

"The woman on her return from upstairs spied the autograph and was overjoyed. Is it not amazing how much happiness we can give to others by these little acts of kindness?"

ROCKEFELLER A LITTLE SHY

According to Small Girl His Apparently Strongest Asset Was Not Enough for One Thing.

The audience which heard the Rev. W. W. Bustard, John D. Rockefeller's Cleveland pastor, address the Christian Endeavor convention was amused by a story on the richest man.

"While riding in an auto with Mr. Rockefeller recently, some miles from Cleveland," said the Rev. Dr. Bustard, "we were about to pass a little barefoot girl plodding along through the dust, when Mr. Rockefeller ordered the chauffeur to halt the car. Then he invited her to step up on the running board and asked her where she would like to have the car stopped.

"The little girl said she wanted to get off at the second crossroads, and asked:

"'How far are you going?'

"'Oh, we're going to heaven,' Mr. Rockefeller answered.

"The little girl was surprised, as many people are when he says that. Then he asked:

"'Don't you think we'll get there?'

"'No,' said the little girl.

"'And why not?' persisted Mr. Rockefeller.

"'I don't think you have enough gasoline,' she said."—Cleveland Press.

Rose-Tinted Mountains.

The rosy light that tinges so beautifully the summits of lofty, snow-clad mountains before sunrise and after sunset is due to the fact that the yellow and red rays of light possess more penetrative power than the blue. The first-mentioned rays make their way through stretches of the atmosphere which entirely arrest and turn back the blue, and they do this the more especialy if the air is laden at the time with extraneous particles that augment their opacity.

When the sun is below the horizon the red and yellow rays struggle on through the air as far as the snowy heights, dropping their associates by the way, and thus paint their fleecy surfaces with red and yellow tinted light. This roseate afterglow is very beautifuly seen on the Jungfrau. The broad-based cone is suddenly covered in the deepening twilight with the crimson hue of the rose, and this gradually fades until the whole has vanished into darkness.—Harper's Weekly.

Too Tender With It.

A physician tells a story of a philanthropic doctor in a Pennsylvania coal mining town who presented each household with a nice new thermometer and told the people the necessity of maintaining a proper temperature. When making his rounds one day he observed his thermometer hanging in the room. He inquired of the woman of the house if she had remembered his instructions.

"Indeed, sir, I do," was the response. "I hang the thing right up there and I watch it carefully to see it does not get too high.'

"G-od!" exclaimed the doctor. "And what do you do when the temperature rises above 70 degrees?"

"Why, sir," answered the woman, with the air of one faithful to a trust, "when it gets too high I take it down and put it outside until it cools off."—Newark Star.

He'll Probably Give It Up.

Will Prof. Walter Dill Scott or some other eminent psychologist explain why a strong-minded, able-bodied citizen will lie awake in a state of semi-freezing for hours, enduring the slow torture, rather than get up in the full strength of the cold for two minutes while getting another blanket?

Sins of the Mothers.

Discovery that the hobble skirt was in vogue just 5,000 years ago, prompts one to be belief that the sins of the mothers shall be visited upon the children of the nine hundred and ninety-ninth generation.—Amarillo News.

Boston's 1912 birth rate was 25 a thousand of population.

The birth rate in Italy is 31.53 to each 7,000 inhabitants.

P Q. MOORE THE NEXT MAYOR

(Continued from Page Five.)

of police, are said to be candidates for the place of chief of police. There may be others. Woodus Kellum, Esq., and A. G. Ricaud, Esq., have been spoken of for city attorney.

Victory Celebrated.

After th efinal returns were received and the news flew over the city that Mr. Moore and the Councilmen named had been elected, a large number of their supporters gave expression to their intense satisfaction over the result by producing various varieties of noise. A company headed by a band paraded the streets and a general jollification was held until a late hour. Those who had lost their candidates grinned and expressed themselves as highly pleased that the end had been reached, and they could now go back to their several occupations and give their attention to business once more.

There was considerable drinking late in the afternoon and last night, and it was one of the most boisterous election nights Wilmington has experienced in a long time. So far as learned there were no serious fights, though several altercations were averted by the timely interference of friends.

According to all reports considerable money was bet on the election, especially the mayoralty contest. Several persons are said to have staked as much as $500 to $1,000 on the result.

The weather yesterday—weather being always an important factor in elections—was absolutely perfect. A more favorable day could not have been made to order for an election. A man who could vote had no excuse for not going to the polls, on that score. It was rather warm, too, both weather and the election, and coupled with the temperature of the weather, the heat of the election reached a degree that made the workers glad when the final ballot was cast. Men on both sides had been working night and day for weeks. They had angled for the festive voter until they thought and talked and dreamed in terms of the election. Today there isn't a man who isn't glad to the bottom of his heart that the whole thing is over with, and that it won't bob up for two years. For that matter, everybody is glad the long campaign has ended. It began away back in the Spring with announcements from many candidates for Council and for Mayor. Little by little it grew warmer. At times it would appear to die down, notably during the activities over the postmastership, which sprang full fledged right into the midst of the municipal campaign and apparently took all the interest out of it.

That fight settled, politics came into full bloom again, and then came the primary. With the candidates narrowed down by that eliminating process, interest redoubled and trebled and quardrupled, until things were sizzling. To many who take little or no interest in politics, it became a wearisome thing to hear the same things discussed all around them day after day, the same questions put and answered the same way. But to those to whom politics is the breath of life, it never tasted of the can. They worked constantly and worked hard, and it was a well hidden voter that escaped solicitation to vote for somebody. A big sigh of relief went up, however, from the politicians and their cohorts, as well as from the rest, when the election was over, the tumult and the shouting dead, and silence like a poultice came to heal the blows of political sound.

Glad Mr. Moore Was Named.

When the returns had all been received at the Court House last night and the election of Councilman Moore was assured beyond all doubt, Mr. G. Herbert Smith, who lives in Wilmington, but has his citizenship in Brunswick county, where his factory is located, made a short address, in which he expressed his pleasure at the election of Mr. Moore and said that he felt certain no mistake had been made. The meeting then adjourned.

NEGRO WOMAN SHOT

Blanche Banks Seriously Wounded by James Lewis, Colored

Blanche Blanks, colored, was shot in the breast and probably dangerously wounded at 11:30 o'clock last night, near 11th and Red Cross streets, by James Lewis, also colored, who had not been captured up to 1 o'clock this morning, although Officers Powell and Ed. George, the first officers on the scene, were scouring that whole section for him. The woman was sent to he hospital for attention. The to the hospital for attention. The officers had not been able to learn the cause of the trouble last night.

This Interests Every Woman.

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better purer medicine for backache, weary dragged out feeling, aching joints, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. For sale by Robt. R. Bellamy.

BEFORE AND AFTER MARRIAGE

Advice Given Mother in Regard to Young Daughter, Proves Valuable to Daughter Even After Marriage.

Pollock, Tex.—"When I was a girl about 14 years of age," writes Mrs. Winnie Delaney, of this town, "I was in awfully bad health. I tried different treatments, but they did me no good.

A friend advised my mother to give me Cardui, the woman's tonic. She gave me one bottle, and it straightened me out all right.

I did not have any more trouble until after I was married. I had several bad spells then, but I began taking Cardui again, and my health started to improving right away.

I can safely recommend Cardui to all women sufferers, as I think it is the greatest woman's medicine on earth.

You may publish this letter if you wish."

Cardui is good for young girls, as well as older women, because it contains pure, harmless, vegetable ingredients, which act gently, yet surely, on the delicate womanly organs. It is a tonic prepared exclusively for women.

For more than 50 years Cardui has been in widely extended use by women of all ages, and has given entire satisfaction as a remedy for rebuilding womanly health and strength.

You can rely on Cardui. It will do for you what it has done for thousands of others. It will help you.

Begin to take Cardui today.

N. B.—Write to: Chattanooga Medicine Co.; Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.

MASS MEETING TONIGHT.

Under the Auspices of Parents and Guardians' Association.

(Communicated.)

The Parents and Guardians' Association, which was oragnized some two months ago or more for the purpose of advancing civic righteousness, moral training and Christian temperance, will hold a popular mass meeting tonight in the auditorium of Shiloh Baptist church, corner of Eighth and Walnut streets, at 8 o'clock. Arrangements have been made to accommodate at least 1,000 persons at this gathering. The officials state that an elaborate programme has been provided. Much interest has been awakened throughout the city already, through meetings in the past. It has been arranged that several prominent white gentlemen will deliver speeches on subjects which are given below, being followed by colored speakers. The subjects are of a literary nature, and it is hoped that the colored school teachers will be present to give advice, especially since the meeting brings together so many of the parents of the pupils of the day school. Heretofore the attendance of the teachers has been rather small. Let the teachers notify the parents who do not know of the meeting, through the pupils regarding tonight's meeting.

The subjects to be discussed are as follows: "Intemperance and Its Baneful Effect in Tearing Down Morals"; "The Evil Effect of Vagrancy"; "Relation of Temperance to Religion"; "The Effect of Literary Training in Moral Uplift.' Spicy solos, duets, quartettes and chorus singing will be sandwiched to make the occasion all that is to be desired.

—Charlie Jones, a youngster of 13 years, hailing from Fayetteville, spent yesterday in the city, visiting police headquarters while waiting for a remittance from his father to get home on. He told the officers that he and another boy ran away from home and that the other boy left him when they reached the city.

A MESSAGE OF SPRING STYLES

The season's styles in Men's Clothing have one especially interesting feature—no one color predominates—blues, blacks, grays and browns; checks, mixtures and hair line stripes are among the new fabrics.

Narrow shoulder effects with snug fitting bodies, ranging from the conservative to the rather extreme—here's where Stein-Bloch come to your rescue, they know how to keep comfort in their clothes while still leading in correct styles.

We are proud of our showing of Stein-Bloch Smart Clothes—why not see them today?

PUBLIC OPINION

Holds in high esteem the man who is forging ahead, and frequently honors him with positions of trust and influence.

But no man can go ahead who thoughtlessly squanders his money, losing the confidence and respect of friends and companions.

If you would be a useful man in this community and desire its esteem, we urge you to be diligent in your work, save a part of your earnings and cultivate habits of thrift and regularity.

An account with a good Savings Bank will help you. We invite you to have an account with us.

A Career Begun

The business career of a young man begins when he deposits his first earnings in the bank. He grasps the axiom of business progress, the ability to save. His affairs assume a new importance to him. The spirit of dependability takes root; and from that day on such a man is worth more to himself, to his employers and to his business associates.

The accounts of young men are especially welcome here.
